

FOOD AND HUNGER CRISIS TACKLED

U. S. Destroyer Hits Mine Off Trieste; Three Dead, Several Injured

FUNDS VOTED
VETERANS BY
LAW MAKERSMICHIGAN SOLONS
CORRECT ERROR
OF \$436,075

BY JACK GREEN

Lansing, Sept. 29 — (P) — The Michigan legislature returned to the Capitol in special session today to correct an "error" and provide seven veterans' agencies with \$436,075 in cash.

The session is not expected to last more than a few hours. The House of Representatives had 96 members present—four short of a full attendance—and the Senate 78 members present—also four absentees—when the legislature assembled and leaders in both chambers said they knew of no opposition to the appropriation bill.

The special convocation was forced when Attorney General Eugene F. Black held that a previous appropriation of \$410,200 to Veterans' groups on the closing night of the 1947 regular session had lacked the necessary two-thirds majority. It therefore was unconstitutional, Black ruled.

Child Care Involved
Governor Sigler, summoning his first special session, declared in a message to the lawmakers "I disliked calling you here to correct a procedural flaw upon just one bill, and yet I knew you had spent a great deal of time evaluating the merits of these appropriations, and I felt sure that you would want an opportunity to correct the situation."

Sigler said he was particularly interested that as a result of the error "payments for the care of certain children in the state would, of necessity, be stopped."

He referred to a grant of \$120,000 to the American Legion Children's fund at Otter Lake.

The other appropriations which were improperly approved included: American Legion, \$91,000; Disabled American Veterans, \$94,500; Veterans of Foreign Wars, \$92,500; Grand Army of the Republic, \$2,200; Spanish American War Veterans, \$10,000.

In addition to these grants, Sigler asked the legislature today to provide \$25,875 to the Amvets—American Veterans of World War II.

The Amvets was unable to qualify for the appropriation last Spring but Sigler said it now has a Federal charter and is entitled to its share.

Bills Float Around
At Benton Harbor:
Truck Dumps \$1,359.

Benton Harbor, Mich., Sept. 29 (P)—Berrien county sheriff's officers and Jack Kreigh, Paw Paw avenue, Benton township, were still without the answer to a \$1,359 question today.

Shortly before noon Saturday, Kreigh telephoned the authorities and told Frank Duerr, county jail operator, that "hundreds of bills are floating around out here on Paw Paw avenue."

Deputies arriving at the scene found Kreigh with a box and around him on the pavement a lot of tools and what turned out to be, when counted, \$1,359 in paper currency. The chest apparently had fallen off a truck. The contents were spilled out.

Weather

Reported by U. S. Weather Bureau

ESCANABA AND VICINITY: Clearing and much colder tonight with frost and freezing temperatures; low temperature 30. Tuesday fair and not quite so cool. High temperature 53.

UPPER MICHIGAN: Clearing and much cooler, with frost and freezing temperatures tonight. Tuesday fair and not so cool.

BERLIN CHILDREN RECEIVE U. S. CLOTHES — With all of Europe facing a bitter winter, the outlook is visibly brighter for these German youngsters in Berlin's "Kinderhof," a home for children. They are shown reaching for some of eight thousand items of clothing sent from America to Mrs. Lucius D. Clay for distribution among needy. (NEA Telephoto)

Taft Fails To Click;
Pacific Northwest
Open To Dark Horse

BY JACK BELL

Spokane, Wash., Sept. 29 (P)—The apparent failure of Senator Taft (R-Ohio) to excite any vocal support of his expected bid for the 1948 Republican presidential nomination prompted predictions today the Pacific northwest will be wide open for a "dark horse" candidate for the GOP nomination.

Although Taft has won personal support for his yet unannounced intention to seek the nomination, there was evidence that this area is ripe for any "dark horse" candidate who shows his head at next June's Republican convention in Philadelphia.

In fact, more uncommitted Republicans are talking in this area of General Dwight D. Eisenhower than possibly any other candidate. There is some discussion of Senator Arthur Vandenberg (R-Mich.).

On the whole, however, most professional politicians in this part of the country agree that either Eisenhower or Vandenberg could take the delegations from both Washington and Oregon if they gave any sign of their intention actually to seek the GOP nomination.

Significantly, Eisenhower talk has been more prevalent among the rank and file of the Republican party in both states than that of any other "dark horse." Gov. Thomas E. Dewey of New York is accorded first position among the regular Republicans of both states.

But even these party members admit that a wild fire might bring support of both states' delegations to either Eisenhower or Vandenberg if they show strength in the next GOP convention.

Taft was backed by professional politicians to have made little advance in his prospects for the nomination in his Pacific northwest appearances. The Ohio senator seemingly failed to please audiences which were prepared to applaud him liberally.

At Corvallis, Ore., Saturday night, Taft launched a vigorous attack on what he said was the "half" Communist dominated CIO-PAC.

A red-shirted student and former G. I. Henry W. Hendricks, challenged him to say why Communists should not be leaders of influential unions.

The Ohio Senator, co-author of the Taft-Hartley labor law, replied that he did not believe anybody who subscribed to the theory that the American government should be overthrown by force should hold a responsible position in a union organization.

BOMB KILLS 9
IN JERUSALEM

Scores Are Injured By
Explosion At Haifa
Police Station

Jerusalem, Sept. 29 (P)—Nine persons were killed and approximately 50 wounded today when a district police headquarters in Haifa was wrecked by a shattering bomb explosion which Jewish underground agents boasted they had set off as reprisal for the deportation of uncivilized Jewish immigrants.

The dead included three British constables, four Arab policemen, a 16-year-old Arab girl and an Arab coffee vendor. Thirty British policemen and 17 Arab civilians were wounded—many critically.

In addition some 40 to 50 occupants of an intercity bus which was passing the police station at the time of the blast suffered minor cuts and bruises.

Police said the bomb—a tar barrel loaded with high explosives—was dumped from a truck which backed up to the wire barricade surrounding the police station and dropped an improvised ramp over the barrier. Rolling down the ramp and crashing into the building, the barrel exploded moments later with a roar which shook the whole harbor area.

Jacksonville, Fla., Sept. 29 (P)—Coastal shipping from Florida Keys to North Carolina wallowed today through a running sea which beat heavily against the shore and which already has disabled two ships, sent a tug to the bottom and cost two lives.

The SS Bayano reported a man lost overboard off the eastern tip of Cuba, while farther north the Navy tug 274, off Georgia, yawed until she broke her towline, capsized and went down carrying one man to the bottom.

At Savannah, Ga., the Coast Guard Cutter Aurora put out to the assistance of the motor vessel Julius H. Barnes, disabled drifting 35 miles off New Smyrna, Fla.

From Charleston, S. C., the Navy's tug ATA 209 took her bow into the swells and made for the Cuban steamship Gibrara which reported she was without a propeller. The American tanker Esso radiated she had the Gibrara in tow, awaiting the tug.

The 60-foot fishing vessel Emma was hard aground off Fort Pierce and the Coast Guard reported efforts were being made to refloat her.

The sea-going tug ATA 210 out of Charleston, S. C., for Glen Cove Springs, Fla., reported she was unable to make much headway and was standing for open water until the storm subsided.

WARSHIP LEFT
DISABLED; AFT
HOLD FLOODEDTUGS GO TO AID OF
FOX WITH DOCTORS
AND CORPSMEN

Trieste, Sept. 29 (P)—Three men died today when the U. S. destroyer Douglas H. Frost hit a mine off Trieste.

The explosion knocked out both of the destroyer's propellers and both rudders.

Four other men were injured critically and eight more required hospital treatment.

One man died on the Fox almost immediately. Two succumbed aboard the destroyer J. C. Owen which took aboard the Fox's casualties, all enlisted men. The Owen arrived here tonight, about six hours after the explosion.

The Fox had about 200 men aboard, naval headquarters here said. She hit the mine 18 miles off Trieste as she was moving toward this free territory from Venice.

Tugs were assigned to tow the Fox to a Venice drydock.

Built In 1944
The Fox is one of the most heavily armed of American destroyers. Her main battery carries six five-inch guns plus 10 torpedo tubes. She joined the U. S. warships in the Mediterranean after leaving Norfolk, Va., July 21.

The Fox's skipper is Commander Charles W. Travis, 59 South Gate Avenue, Annapolis, Md.

A summer class destroyer, the Fox was built in 1944, displaces 2,200 tons and has a wartime complement of 315 men.

Mine sweeping in the Mediterranean.

TRUSTIES SKIP
AT MARQUETTE

State Police Barricade
Road; Pair Captured
At Gwinn

John Lilley, 18, and Lloyd Mogan, 22, trustees of the Michigan state branch prison, who walked away from the prison honor farm near Marquette yesterday, were captured by Marquette state police at Gwinn shortly before noon. They were hiking on highway M-35, and did not put up any resistance when approached by officers.

Lilley was sentenced from Detroit for a prison term of one and a half to five years for car theft, while Mogan was convicted in Oakland county on a similar charge and received a two to five year sentence.

When the alarm was sounded yesterday morning, state police of the Gladstone post set up barricades at the junction of U. S. 2 and 41 at Rapid River.

Seas Batter Shipping
From Florida Keys To
North Carolina Coast

Jacksonville, Fla., Sept. 29 (P)—Coastal shipping from Florida Keys to North Carolina wallowed today through a running sea which beat heavily against the shore and which already has disabled two ships, sent a tug to the bottom and cost two lives.

The SS Bayano reported a man lost overboard off the eastern tip of Cuba, while farther north the Navy tug 274, off Georgia, yawed until she broke her towline, capsized and went down carrying one man to the bottom.

At Savannah, Ga., the Coast Guard Cutter Aurora put out to the assistance of the motor vessel Julius H. Barnes, disabled drifting 35 miles off New Smyrna, Fla.

From Charleston, S. C., the Navy's tug ATA 209 took her bow into the swells and made for the Cuban steamship Gibrara which reported she was without a propeller. The American tanker Esso radiated she had the Gibrara in tow, awaiting the tug.

The 60-foot fishing vessel Emma was hard aground off Fort Pierce and the Coast Guard reported efforts were being made to refloat her.

The sea-going tug ATA 210 out of Charleston, S. C., for Glen Cove Springs, Fla., reported she was unable to make much headway and was standing for open water until the storm subsided.

Methodists Attack
Halsey's Stand On
Fighters Who Drink

Washington, Sept. 29 (P)—The Methodist Board of Temperance let loose a broadside at Admiral William F. (Bull) Halsey today saying that "as a general rule, I never trust a fighting man who doesn't smoke or drink."

The board reported that drinking makes men fight "in thousands of saloons every day, and we have never known it to make anyone fight well."

And if Halsey carried bourbon for his carrier pilots in the Pacific when he was Third fleet commander, the board declared, he was guilty of an "astounding breach of naval discipline."

Halsey, whose reflections on liquor appeared in a recent series of articles in the Saturday Evening Post, didn't even swing a gun turret when reporters found him in San Francisco and told him what the board was saying. His answer was "No comment."

The board's attack filled six columns of its newspaper-size publication "The Clipshooter."

"Many of the greatest military men the world has produced have been notably abstemious," the article, said naming Robert E. Lee, Jeb Stuart, Stonewall Jackson, Sergeant Alvin York and Jimmy Doolittle.

"Alcohol," it added, "is a deadly menace to the country's safety whether it is in the brain of admiral, general, or diplomat."

The board quoted Lt. Comdr. J. Bryan III, Halsey's collaborator in the magazine series, as saying of the now-retired admiral:

"Occasionally he takes a beer or a martini, but his staple drink is Scotch whiskey and plain water. He has said, 'There are exceptions, of course, but as a general rule, I never trust a fighting man who doesn't smoke or drink.'"

"His favorite toast is: 'We've drunk your health in company.'"

"I've drunk your health alone; I've drunk your health so many times, I've nearly ruined my own."

In another installment, Halsey wrote that "To a man who has just had a tense, hazardous flight or a wet watch, there is no substitute for a tot of sound spirits."

Accordingly, he said, he obtained 100 gallons of whiskey for his fliers. "I don't remember," he wrote, "if it ever was approved officially."

HOOVER HELPS
OUT IN CAPITOL

Former President Leads
Study On Executive
Branch Efficiency

Washington, Sept. 29 (P)—A 12-member commission begins today a \$750,000 study aimed at increasing the efficiency of the executive branch of the government.

Former president Herbert Hoover was slated to be named chairman of the group at its initial meeting at the White House.

He agreed to serve on the commission "with the distinct understanding that this will be the last public service I will render my nation."

The commission was set up by legislation sponsored by Senator Lodge (R-Mass.) and Rep. Brown (R-Ohio). It must report its recommendations to Congress in January, 1949.

The act directed it to determine how the approximately 1,140 executive agencies can be placed on the most efficient and economical basis.

It may propose consolidation or elimination of some of them.

The commission was named by President Truman, House Speaker Martin (R-Mass.) and Senate President Vandenberg (R-Mich.). It is made up of six private citizens, most of whom have served in the government, four legislators and two government officials.

The \$750,000 provided for the commission will be used to hire a staff of experts, meet expenses and pay \$50 a working day to members who are private citizens.

Iron Washer for
Vets Irks D. A. V.

"Pretty cheap!" is the way William Garbett, commander of Chapter No. 24, Disabled American Veterans, today described the action of a practical joker who put an iron washer in a collection box during the DAV forget-me-not sale in Escanaba Saturday.

The paper forget-me-nots were sold by high school girls and the proceeds are used for welfare work among disabled veterans in Delta county.

"The cheap skate who took a flower and put a washer in the box can call for it anytime he wants to," said the DAV commander, who is not inclined to forget about the forget-me-not washer.

WEDS. PRINCE — Katherine Scott, 16-year-old daughter of a \$24-a-week London wagon driver, was married to Prince Major Abbase, 23, who has an annual income of \$328,000. The bride's father did not attend the wedding because "he could not afford to lose a day's pay." After a honeymoon in Italy, the couple will sail to India and live in the palace of the Prince's father, the Nawab of Bahawalpur. (NEA Telephoto)

PRESS FREEDOM
MAY BE CURBED

Close Check Planned
On Communist News
Writers For U. N.

BY EDWARD BOMAR

Washington, Sept. 29 (P)—The state and justice departments may slap sharp restrictions on the activities of all foreign correspondents admitted to this country to report sessions of the United Nations assembly for Communist publications, it was learned today.

Officials said a new official policy under discussion would apply generally the curbs imposed on Pierre Courtade, a writer for the Paris Communist Daily L'Humanite.

Courtade arrived in New York last week. Before he was granted a passport visa to come to the United States he was required to pledge that he would:

- 1—Enter and leave by an Atlantic port.
- 2—Remain in New York City and Long Island meeting places of the United Nations.
- 3—Depart when the assembly session is completed.
- 4—Engage in no subversive or propaganda activities nor agitate against the United States during his stay.

Prior to Courtade's arrival, several other foreign correspondents for the Communist press had been permitted to come to the United States temporarily to report on U. N. developments without such restrictions. Most were from countries in the Soviet orbit.

HUNTERS ROUNDUP OCT. 14
Sandusky, (P)—A demonstration of shooting marksmanship by state police and old-time dancing will feature the eighth annual hunters roundup to be held here Oct. 14, on the eve of the pheasant hunting season. Hal Newhouse, Detroit Tiger pitcher, will be guest of honor.

**Truman's Morning
Walk Winds Up In
A Sunday School**
Washington, Sept. 29 (P)—President Truman took one of his morning walks yesterday and wound up addressing a Sunday school class.

Accompanied by a Secret Service man, Mr. Truman popped in at promotion exercises for children of the First Baptist church, eight blocks from the White House.

Dr. Edward Hughes Pruden, the pastor, said he was taken aback—"I was thinking of the confusion"—but that the president told him he was glad the children were there.

"I'm crazy about children," Dr. Pruden quoted Mr. Truman.

At the minister's invitation the president spoke to the Sunday school, telling the youngsters "you are studying the morals that will keep this country great."

He stayed for Dr. Pruden's sermon which followed.

KEY CAPITOL
LEADERS RUSH
EUROPEAN AIDTRUMAN MAY CALL
SPECIAL SESSION
OF CONGRESS

Washington, Sept. 29 (P)—Senator Scott Lucas (D-Ill.) reported today that President Truman told congressional leaders there is no way to give emergency aid to Europe without a special session of Congress this fall.

Lucas made that statement to reporters as he left a White House conference on the problem of aid to Europe.

The senator was asked whether that was the mutual opinion of the White House gathering.

"The president told us that," Lucas replied.

Representative Halleck (R-Ind.), majority leader of the House, replied, "Oh, no" when reporters asked whether there had been a meeting of minds. He said there had been an exchange of views.

Senator Vandenberg (R-Mich.) declined to discuss the high policy conference which lasted two and one-half hours.

"We are going to let the president tell about it," Vandenberg said.

Earlier, while the conference was going on, Presidential Secretary Charles G. Ross had advised newsmen that there would be a White House statement some time during the afternoon on the results of the meeting.

Marshall Wants Speed
Lucas told a reporter that "there is no way to get money without congressional action."

He said that the committee will be called back, adding, he meant the appropriations committee of the House and Senate.

The Illinois senator said there had been "considerable discussion" of the sums needed.

The president himself has indicated he would prefer to handle the situation without resorting to a session call before the regular reconvening of congress in January.

Secretary of State Marshall, however, has insisted there is a crisis which demands quicker action.

Speaker of the House Martin (R-Mass.) and chairman Taft (Ohio) of the Senate Republican policy committee were absent on western speaking tours, but Taft said in Portland yesterday a suggestion that funds of the export-import bank be used in the emergency "is worthy of consideration."

Senators McClellan (D-Ark.) and Russell (D-Ga.) made this proposal Saturday as a means of avoiding a special session. They said the bank has \$800,000,000 which could be used for the purpose if congressional leaders would give their approval informally.

Taft said it was his impression that "the powers of the export-import bank" would permit use of the money for European relief, although in the past the bank has tended to adhere closely to its primary purpose of stimulating trade through loans to other nations.

Any temporary relief for Europe is intended to bridge the gap until the long range Marshall plan can clear Congress. Under the Marshall plan, the United States would provide financial aid

WINTER SPORTS DATES ARE SET

Escanaba Carnival To Be Held Feb. 6-12; Olympic Report

Dates for the winter sports activities in the Upper Peninsula were submitted at the U. P. Winter Sports Council fall meeting held in Wakefield presided over by Gordon Heughens of Marquette, president of the council.

The Ishpeming ski tournament and carnival will be staged Saturday and Sunday, Feb. 22 and 23.

The annual "Queen of the North" contest will be held Feb. 12-14 in Wakefield in connection with Wakefield's winter carnival.

Dates submitted follow:

Feb. 1, Manistique Central Ski tourney.

Escanaba Date

Feb. 12-14, Wakefield carnival and "Queen of the North" contest.

Feb. 6-12, Escanaba winter carnival.

Feb. 15, Ironwood ski meet, Wolverine hill.

Feb. 22-23, Ishpeming ski tournament and carnival, Suicide hill.

Feb. 26-28, Iron Mountain winter carnival.

Feb. 29, Iron Mountain ski tournament, Pine mountain.

All ski meet dates will have to be approved by the Central Ski association at the fall meeting in Milwaukee Oct. 19.

Heughens expressed the aim of the council, which is to sponsor and foster all possible amateur sports activities in the U. P. "It is our hope to create greater interest in utilizing of the God given resources available in the U. P.," he said.

Olympic Report

He stressed closer cooperation between U. P. cities, especially those which are close to each other. He suggested working out joint programs.

Speaking on the report of the Michigan 1952 Olympic committee, Heughens said the state was still "standing by" should there be a change of sites. Finland has been awarded the meet.

The council is comparatively young, getting its start in 1936. In its early years the U. P. Development bureau helped until, after the war, the council was able to operate under its own power. One recommendation made was that the council should receive a certain percentage of the net gate receipts taken in at the annual "queen contest." Since the unit still operates purely from membership fees, the gathering felt it would be one way to increase its revenue.

Communities in the U. P. not represented were asked to submit a complete report of their winter sports program to Mrs. C. G. Meyland, of Marquette, secretary of the council.

Rev. James Bell, chairman of

the recreation board, will pre-

sides.

U. P. Credit Union Chapter Organized Here On Saturday

The Upper Peninsula Credit Union chapter was organized here Saturday evening at the Escanaba city hall with the following officers elected or the year: George Walters, of the C&NW Credit Union, president; John Pokela, Rock, of the Rock Co-op Credit Union, vice president; John Edick, of the Delta County Teachers Credit Union, secretary-treasurer.

A. W. Marble and Glenn R. Coutts, of Detroit, officers of the Michigan Credit Union League, attended the meeting and outlined the objectives of the chapter.

All credit unions in the Upper Peninsula are eligible to become affiliated with the U. P. Credit Union chapter.

3 YOUNG MEN ADMIT THEFTS

Youths Confess Stealing Many Items From Parked Cars

Three young men, two of them minors, arrested by Escanaba police Sunday evening yesterday confessed that they had stolen numerous items from parked automobiles in Escanaba in recent weeks.

Acting on a report that the youngsters were searching automobiles Sunday night, local police found the three young men peering into the Leader Store show windows with a flashlight that the youths admitted stealing.

Later the young fellows admitted that they had stolen various items from at least 15 to 25 automobiles in the past few weeks.

One of the men is Henry Stuart, 19, of 901 First avenue north.

He will be arraigned in justice court. The other two lads are 15 and 16 years old, respectively, and will be taken to probate court, it was indicated.

Local police are continuing their investigation and are seeking to recover as much of the stolen goods as possible.

Director George Grenholm will present an outline of needs and a long-range program for developing enlarged facilities, including objectives for a new community building.

Rev. James Bell, chairman of

the recreation board, will pre-

sides.

POLICE CHECK ATTACK STORY

Woman Reports She Was Seized By Two Men Sunday Night

Escanaba police are investigating a young woman's story that she was grabbed by two young fellows near the intersection of 14th street and Ludington at midnight Sunday.

The woman, whose name is withheld pending investigation, reported that after she had been seized, her attackers took her behind the junior high school building where one of the young fellows struck her on the head. The men did not attempt to rape her, the woman told police.

She described her assailants as young men about 21 years of age. One was blond and short and he wore a leather jacket and the other has dark hair, a hook nose and wore a blue topcoat, she told police.

The men indicated that they were employed on a boat, the woman said. Police said that there was no lake freighter or other boat docked at the Escanaba docks Sunday evening.

Director George Grenholm will present an outline of needs and a long-range program for developing enlarged facilities, including objectives for a new community building.

Rev. James Bell, chairman of

the recreation board, will pre-

sides.

Briefly Told

Attend School — Leonard Niquette, son of Norman Niquette of Bark River, and Robert L. Grau, son of William Grau of Spalding, today began classes at the Milwaukee School of Engineering in Milwaukee. They are enrolled in the refrigeration, heating, ventilating and air conditioning institute.

Bicycles Stolen — Two bicycles were reported stolen in Escanaba Saturday. A bicycle, license 855, owned by Carl Lueneburg, 524 S. 19th street, was stolen from the Elks club and a girl's model bicycle, license 1201, owned by Mrs. Henry Besson, 222 S. 18th street, was stolen from the Besson home.

Fire Call — The Escanaba fire department was called to the Granda Gardens Sunday evening at 6:30. A fire was started by a cigarette burning on the top of a cooler. Damage was minor.

Apply For License — Applications for marriage licenses have been made at the office of the county clerk by Robert George Schmieder of Milwaukee and Marjorie Ann LaFave of Escanaba; Donald W. Dufresne and Helen Kress of Escanaba.

135,000 Reinstate Their GI Insurance

As of Sept. 1, more than 135,000 World War II veterans have reinstated their G. I. insurance policies in Michigan. Ohio and Kentucky in 1947, officials of the Escanaba Upper Peninsula office of the Veterans Administration said yesterday.

These policies have an insurance value of nearly 900 million dollars. Of this amount, 52,000 veterans are residents of Michigan. The value of their reinstated policies is 348 million.

Vets have until Jan. 1, 1948, to reinstate GI term insurance without physical examination. The only requirements are payment of two monthly premiums and a statement that the veteran's health is as good as when the policy lapsed.

Director George Grenholm will present an outline of needs and a long-range program for developing enlarged facilities, including objectives for a new community building.

Rev. James Bell, chairman of

the recreation board, will pre-

TO PROTECT ESCANABA TREES — To control insect pests that threaten the city's shade trees along its streets, the forestry department has purchased a tree sprayer, shown above in a demonstration at Ludington Park. Harvey Well-

New City Sprayer Will Fight Shade Tree Pests

Escanaba's street trees that help make the city one of the attractive in Northern Michigan now has new and modern protection from insect pests that would damage or weaken them, City Forester Robert Clayton announced yesterday. The equipment is a tree sprayer that cost \$1,971 and is being paid for from the forestry department's budget.

Concerned for some time over the possibility of an insect epidemic on the city's street trees, the city forester placed an order for the tree sprayer in 1943. Delivery was made this fall.

"There are a number of different kind of insects that are working on our street trees and they are a potential hazard," Clayton said. "Favorable weather conditions during any one year can permit them to multiply in such numbers that they will destroy many valuable trees."

Two summers ago the Norway maple trees in Escanaba were so badly infested with aphids that it reached near-epidemic propor-

tions. There were many complaints from residents who disliked the excrement that dropped from the aphids to the sidewalks and parked cars.

Escanaba has many fine old elm trees along its streets and these have been attacked by the European elm bark louse. Every summer a great number of small and large dead branches of elm trees infected with the insect are removed by the forestry crew. There are about 1,500 elm trees on curb strips in the city and about 60 per cent of them are infected by the bark louse that was imported into this country from Europe, probably in a shipment of trees or shrubs.

Early next spring the new sprayer will start the rounds fighting the bark louse that is weakening and damaging the city's elms. Clayton said it was impossible to combat the pests without the proper equipment for spraying.

The new sprayer throws a spray at high pressure that will reach the tops of trees 75 to 80

feet in height. It can also be used to rid park lawns and curb strips of obnoxious weeds, and to jet water and fertilizer into the ground for tree feeding.

POWER PLANTS FOR PENINSULA

Two Projects Planned In Vicinity Of Iron Mt.

Two new hydroelectric generating plants will be built in the Michigan upper peninsula at an estimated cost of \$2,625,000 by the Wisconsin Michigan Power Co., Appleton, a subsidiary of the Wisconsin Electric Power Co., G. W. Van Derzee Electric Co. president, announced Saturday in Milwaukee.

Van Derzee said that the company intended to make greater use of water power to offset in part the rising cost of coal.

One of the projects calls for construction of a new dam and water power plant at Big Quinnesec Falls on the Menominee river south of Iron Mountain, Mich. The project will include installation of two 10,700 horsepower water turbines connected to an 8,000 kilowatt generator which will provide increased capacity of 16,000 kilowatts.

The second project, at the company's Michigamme storage reservoir north of Iron Mountain, will be the installation of a hydroelectric generating station at a dam site built in 1940 to impound water which otherwise would be wasted in flood periods. It will include a 2,500 horsepower water turbine which will drive a 1,800 kilowatt electric generator.

Completion of the two projects in about ten years and of two others under way for expansion

Escanaba Elks Will Attend Roundup In Hancock On Oct. 4

Five Escanaba Elks have been designated to attend the annual Upper Peninsula Elks roundup to be held in Hancock Oct. 4. The local group of delegates will include: Mike Walch, R. A. O'Neill, M. G. Sullivan, Claude Tobin Jr. and George Harvey Jr. Ladies will accompany the local group.

The business meeting at Hancock of the Port Washington plant will bring the Electric Co.'s combined generating capacity of 822,705 kilowatts.

cock will start at 3:30 p. m. next Saturday, following registration of delegates and visitors, scheduled to begin at 1 p. m.

The afternoon meeting will be concluded between 5 and 6 so that visitors may take part in a social hour preceding dinner, serving of which will be started at 7 in the Venice Cafe.

Open house in the club house, immediately following dinner, and a dance, to be started at 10, will bring the day's program to a close.

Although no program has been planned for Sunday, Oct. 5, it is expected that many of the guests will remain in Hancock overnight and drive home the following day through the autumn woods. Working on arrangements for

the "Round-Up" are A. J. Wickley, exalted ruler of the Hancock lodge, J. V. Nekervis, chairman, and Dr. C. C. Simmer, Louis

Salani, Don G. McMillan, Jack Frimodig, Hennessey M. Finnegan, Herman W. Rahn and Al Reimer.

Tax Overpayment Of \$38,179 Is Made By Escanaba Paper Co.

Washington, D. C. Sept. 29. (WNS)—Joseph D. Nunan Jr., commissioner of Internal Revenue, has determined tax overassessments in favor of the Escanaba Paper company, Escanaba, for the years 1942-43-44, it was learned today.

Total amounts involved are \$38,179.60 for the three years in question.

Four principal causes of the overassessments were listed by the bureau. The first was allowance of additional deductions for business expenses, taxes and depreciation.

Another was allowance of a credit against net income for additional income subject to excess profits tax. A third was allowance of additional deductions for amortization of emergency facilities, while the fourth was overstatement of inventory at the end of the year.

The overassessments will be offset by deficiencies in excess profits tax in excess of the overassessments, Nunan said.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

First PM Edition

THIS is the first edition of the Escanaba Daily Press as an evening newspaper and it is fitting, we believe, that we should take this opportunity to direct attention of the housewives to the advantages in planning their shopping programs that the evening newspaper will provide for them.

Family paychecks predominately are spent by housewives, who do more than 80 per cent of the family shopping. With the arrival of the Daily Press in the early evening, housewives will have an opportunity to read the paper in their leisure hours, study the advertisements and plan their next day's shopping tour. Many of them will be able to plan to shop for store bargains that were denied them when their newspaper arrived in the morning, too late to get the children off to school and hurry to the bargain counters at nine a. m.

The changeover from a morning to an evening newspaper means, of course, a radical change in news headlines and we call attention of this fact to everyone who contributes to make the Escanaba Daily Press the family newspaper that it is. Local news items for the women's page must be submitted in the morning for that day's paper, the earlier the better and in no case later than 11:15 a. m. Items received after that hour must necessarily be withheld for the next day's edition.

Your cooperation is helping us to make this conversion in the most orderly manner is sincerely appreciated.

Progress in Recreation

LYNN RODNEY, field representative of the National Recreation association, made some interesting observations in a visit to Escanaba last week. Rodney was in Escanaba as a part of the NRA's program of assistance to the city's community recreation program.

The recreation leader revealed that community recreation in the central mid-west states has made more progress and greater development in the two years since the end of the war than in any other two years period in the nation's history.

That is encouraging because community recreation programs help to make a good town better. Despite this great advance in community recreation, however, there still are considerably more towns and cities that are doing nothing about assisting their people to put their leisure time to work than there are communities that are sponsoring public recreation programs.

Escanaba happens to be one of the more fortunate communities in the field of public recreation. Our program is not only the most advanced of any in the Upper Peninsula but it is one that will compare favorably with any community of its size anywhere in the United States.

There is, of course, much room for improvement and the recreation commission is dedicated to that task. It is not a question of spending more funds as the present budget of approximately \$30,000 per year is probably the maximum that can be and properly should be allocated for this purpose. The objective is to broaden the program by encouraging more voluntary leadership of the kind that is now being given by such organizations as the Escanaba Softball association and the Escanaba Figure Skating club, to name only two.

The time is not far away when every community, regardless of size, will have to give increasingly greater thought to the problem of public recreation.

Newspaper Week

ONCE a year we in the newspaper business invite the attention of our readers to the function of the press in community and national life. The feeling that prompts this invitation is a mixture of gratitude and pride, with the former predominating.

We have the blessed good fortune to operate under a government which permits us to report news without interference or censorship, except in cases where national security is involved. But it does not seem immodest to say that the American press as a whole has appreciated its freedom and cherished its good fortune in such a way that that freedom exists undiminished after 160 years.

The slogan of this year's National Newspaper Week (Oct. 1-8) is "Your Newspaper—Serving Freedom by Serving You." It is not necessary to catalog the many examples of public service which are evident in every edition of an American newspaper. That service can be summed up in the words information and opinion, two indispensable elements of a true democracy.

The unhampered gathering of information and expression of opinion by private citizens may not be the most important

factors in a government by free people, but such a government could not endure without them. In order to know the issues facing their government—local, state or national—and in order to choose wisely the officers of government, people must have access to information that they can trust.

Lacking that information it is almost impossible for them to guard their civil rights intelligently or, once those rights are taken from them, to restore them without violence and bloodshed. This is the history of too many countries in the world today.

Suppression of information and free opinion has reached its height, of course, in the Soviet Union. There the press is simply part of the government propaganda organization. Criticism is permitted only of those persons who deviate from party line or government policy. Truth is not only unimportant; it is an active enemy which must be silenced and banished.

Elsewhere this control of free expression takes the somewhat milder form of suspensions of publication by government order, or withholding of newsprint which eventually drives the offending publisher out of business. But wherever the circulation of true information is discouraged, there one finds individual freedom weakened and the cause of peace endangered.

In this country our government, far from interfering, is endeavoring through treaties to guarantee a greater measure of press freedom abroad. Let us hope that many other governments may follow the American example, for in it lies the best hope of better understanding among nations.

The American people's heritage of a free press, which they have guarded and protected, has done much to make this nation strong and keep it free. The press' own heritage, bequeathed by generations of intelligent, honest and responsible newspapermen, has also been guarded and protected.

That heritage, in short, is the obligation of newspapers to give its readers the truth. So long as that obligation is met there is no danger that either the press or the people will lose their freedom.

Seaway Gains Support

THE public works committee of the U. S. House of representatives which is studying legislation for the Great Lakes-St. Lawrence treaty has just completed an inspection of the proposed route, extending from the Atlantic seaboard westward to Sault Ste. Marie and the many ports on the Great Lakes.

Dr. N. R. Danalien, vice president of the National St. Lawrence association, who accompanied the committee on its inspection, revealed that the legislators were impressed with the power of a great river going to waste.

Advocates of the seaway project are confident that the water route and its great power producing potential stands an excellent chance of approval when congress reconvenes in January.

The seaway project has had the endorsement of every president in the past 20 years but it has been rejected in congress by a coalition of selfish interests and legislators who rebelled at the cost. The latter argument has been dissipated by the plan to establish tolls which would make the project self-liquidating financially.

Selfish interests, however, continue to block the project although popular support for the seaway has reached an all-time high. Aside from the benefits that a seaway from the great middle west to the Atlantic would provide, the project is of extreme importance from the standpoint of the great electrical power that would be generated for use both in Canada and the United States.

The national defense interest alone dictates the necessity of constructing the Great Lakes-St. Lawrence seaway. There is reason for optimism that the project will finally be authorized at the next session of congress.

With prices where they are, half the world doesn't know how its better half lives.

Every time the squirrel season opens too many hunters go nuts.

Take My Word For It

Frank Colby

SOME MATTERS OF PRONUNCIATION

North Hollywood: To settle an argument, state whether it is correct to pronounce the word daguerreotype as "dag-ger-o-type."—R. A. F.

Answer: It is not correct. The daguerreotype was one of the first varieties of photographs (1839). It was named for its inventor, the Frenchman, L. J. M. Daguerre, pronounced: da-GAIR. The correct English pronunciation of daguerreotype is: duh-GAIR-uh-type.

Youngstown: My Funk & Wagnalls New Standard pronounces the word questionnaire as: "KESS-chun-AIR." Must it?—Mrs. H. T. P.

Answer: Not unless you want people to look at you strangely. The F. & W. pronunciation is pseudo-French, and is as dead as the dodo. The Standard American pronunciation of questionnaire is: KWESS-chun-AIR.

St. Paul: When a thing is minute (very small) should one say "MIN-it" or "my-NOOT"?—C. L. S.

Answer: The adjective minute is never "MIN-it." The pronunciation "my-NOOT" has some sanction. Best usage, however, is: min-YOOT.

Milwaukee: Do us all a good turn and spread the word around how to pronounce the candy called caramel.—M. A. D.

Answer: Caramel is an interesting word. It entered English from the French from the Middle Latin cannamelis, "reed honey" (sugar cane). Many persons pronounce caramel is "KAHR-m'il." In best usage, the first-syllable "a" is flat as in "carrot." The second "a" is obscured. The "e" in the third syllable is usually obscured, although one may rhyme the third

World Events Analyzed

BY MARQUIS CHILDS

Jannina, Greece—The road to Konitsa is pitted and broken and our battered jeep bounces along at about 12 miles an hour. The mountains rise up on either side, bare and gaunt, with deeply eroded gullies cutting down into the narrow valley.

The Guerrillas are said to be on the other side but, for all that one sees of them, they might as well be on the other side of the moon. Back a few miles from the town an artillery unit of the Greek army is sending shells across the mountain with a fine show of military efficiency.

This country in northern Epirus has a wild kind of beauty. The farthest fold of mountains seen in a blue haze is the Albanian border, perhaps 10 miles away. In the valleys, herds of sheep and goats graze in meadows already cropped too close.

If it were not for the war, the herds would be in the mountains with their shepherds. That is now far too risky and so pastures already overgrazed are still further impaired. In this way the civil war cuts into the primitive economy of a country that before 1940 existed close to the line of poverty and hunger.

Along the road are a few signs of war. Here are the remains of mortar shells fired by the guerrillas in their July 13 raid. Blackened patches on the highway mark the spots where army trucks were burned.

—GUERRILLAS SEIZE SHEEP—

We stop at a crossroads village with an ancient stone tavern. A band of shepherds in blue and white homespun stand about leaning on their long crooks. They have a story to tell, and two of the older men tell it with some interruptions from the others.

On August 7, while they were grazing their sheep near Konitsa, they were captured by the guerrillas. Their flocks, numbering perhaps 5,000 were seized and many sheep slaughtered and eaten within a few days by the rebel soldiers.

Were they mistreated? No, they were given food and ordered to tend the sheep that remained. The guerrillas told them that the Greek army was made up of bloodthirsty Fascists who meant to kill all Democrats and Republicans.

Watching the sheep at night, they were able to escape about two weeks after their capture. They have wandered along the roads ever since, living as best they could in crude tents. They would try to get more sheep. How and where they did not know.

These simple men, telling their story without guile or adornment, seem a long way off from Athens and the world that is so involved in the feud which caught them up. They were fortunate. Most such stories end in torture or death, burning, pillaging, looting, raping.

—MANY VILLAGES BURNED—

Hundreds of villages have been burned in whole or in part, at various points along the road there are detachments of soldiers. Without them it soon would be impassable. Recently the sizable town of Florina was cut off so that now it is accessible only by air.

In Jannina, which is primitively picturesque with a strong flavor of the long period of Turkish domination, the officials doubt that the amnesty will bring very many guerrillas down from the hills. They estimate that up to 70 per cent of the rebel bands are unwilling followers forced at the point of a gun to go along or who joined up and have since regretted their choice.

They would like to surrender their arms and resume a peaceful life. But they are prevented from doing so by the hard core of convinced Communists who maintain ruthless discipline. Any sign of insubordination is likely to bring death. The men also know that their families may suffer savage punishment in reprisal if they desert.

It is a long way to Athens and its clanging trolleys and crowded streets. Yet all the orders come from Athens. Overcentralized control, with the resources for exercising that control primitive at best, is one of the curses of this country. Another curse is the high rate of political turnover in the government which is in turn reflected in the remotest village and crossroads as every last officeholder goes out to be replaced by someone of the incoming party.

The shepherd on the farthest mountain side feels the searing breath of the strife and he understands so little. It is "one world" in a sense quite different from that which Wendell Willkie meant to give to that phrase.

syllable with "bell" Say: KAR-uh-m'il; or KAR-uh-mell.

Winchester: Is it ever correct to say that an invention has been "PER-fected"?—C. G.

Answer: Some of the older dictionaries still list "PER-fected" as second choice; but the first-syllable accent is obsolescent. I should advise against it. Better conform with customary American usage and say: per-FEK-ted.

Public speakers, especially, should avoid any pronunciation that is strange, high-flown, or too precise, regardless of the number of dictionaries that recommend it. Correct speech is never affected or pretentious. Strive for the speech of well-bred ease—it's good currency everywhere.

A Washington man offered a case of Scotch for the privilege of rehting a house. That's living it up instead of drinking it down.

Now we know of another reason why they are called storm windows. We listened to the man next door putting them up.

Childs

Repairs on the Foundation Would Help, Too

Good Evening!

By Clint Dunathan

CHANGE-OVER — Today the Escanaba Daily Press comes to you in the evening rather than the morning. Of necessity, therefore, this column will be headed "Good Evening!"

The column will be five years old as of Wednesday, Oct. 1. The Daily Press is 38 years old.

The change to an evening newspaper places the Daily Press in a PM classification with all of the newspapers in the Upper Peninsula, and with most of the newspapers in the state. With the Daily Press change-over today, there are but two morning papers remaining in the state—one in Grand Rapids and one in Detroit.

IT ALL DEPENDS —The majority of the Daily Press readers will, we feel sure, welcome the change from a morning to an evening newspaper. Most important, you will get today's news today. You will also receive your newspaper in the late afternoon when you will be prepared to have your dinner and then relax with a little reading.

Some people who have more leisurely lives welcomed the morning newspaper because they could read it in the morning while they sipped their breakfast coffee. For the majority of readers, the headlines of the morning newspaper were gulped along with the breakfast cereal before the dash for work. They might find a couple of minutes at noon to look at the paper and then pick it up again in the evening.

IN THE MAIL—From a lady in the county there comes an answer to a recent column item describing a meeting in an Escanaba church and an incident in connection with it. We reported that the ladies attending the meeting left a showing of colored slides in the basement and went upstairs to attend a wedding in the church. The name of the organization was not mentioned at that time, and it will not be now. The lady from the county, who signed herself "One Who Was There," writes:

"I am writing in regard to your recent article, in which you told of some of the women at a recent meeting leaving it to go upstairs to see a wedding which was taking place there.

"The facts are these: The meeting had been concluded, and the pastor of the church had thoughtfully invited any of us who wished to attend the wedding. We naturally did so. In the light of these facts we were certainly justified in doing so.

"We did not walk out on the meeting, nor did we intrude upon a wedding service."

FIRST SUBSCRIBER—Back in March, 1909, George Brown of Wells subscribed to the Escanaba Daily Press. His subscription was for No. 1 of Vol. 1, which makes him a charter subscriber. Mr. Brown is general manager of the E. & L. S. Railroad.

STRONG MAN—Mr. and Mrs. Jon Thorin of Escanaba Rt. 1 are the parents of a strong little man, Thomas, born May 11, 1947. At the age of three and one-half months the husky young chap had a grip so strong that he could hold two ordinary kitchen chairs off the floor—one chair in each hand!

10 Years Ago

Munising —Formation of the Munising Graduate Nurse's Club was completed here this week with 20 nurses enrolled in the organization.

Escanaba—About 60 members of the Escanaba Chamber of Commerce will begin today the job of canvassing for membership.

Mt. Pleasant, Mich.—Existence of a new oil field in Arenac county appeared confirmed today with a third well producing 300 barrels daily.

Marquette—The first service in the new St. Peter's Cathedral in Marquette will be held this morning with Most Rev. Joseph C. Plagens, D.D., Bishop of Marquette, celebrating the pontifical high mass.

20 Years Ago

Washington—While the White House was considering some of President Coolidge's discoveries in a recent magazine article by Admiral Magruder, Secretary Wilbur delved into the articles, charges of lack of economy in the navy.

Lansing—Recommendations that spearing of trout in small streams and some lakes be prohibited will be placed before the state conservation commission next week, it was announced by Director Leigh Young.

New York—By the expenditure of \$100,000 and a year in campaigning through the nation's churches, objections of the Harmon Foundation against the portrayal of Christ by an actor have been overcome.

Tommy did his trick for the benefit of a Daily Press photographer a couple weeks ago, but some jigger on the camera was out of kilter and the pictures came out wrong instead of right. Mrs. Thorin said Tommy likes to get a good grip on a chair back and that all she has to do is lift him gently and up comes Tommy and the chair.

The Thorins thought nothing of their son's strong arm methods until they saw a picture in the paper of a child holding up one chair. They were amused by all the publicity because their Tommy could hold up not one chair, but two. Tommy was born May 11 and he has blond hair, blue eyes, and the usual number of dimples in his plump arms and legs.

RECOGNITION —Gust Asp, Escanaba business man, was amused the other day to find that the Minneapolis Tribune thought his name and advertising signs unusual enough to present to their readers. One of Gust's "Just Ask Gust Asp" signs was shown in a drawing in a feature section of the paper. The item was submitted to the Minneapolis Tribune by Ralph Peterson.

THE CAPTAIN DIES—The recent death of Capt. Hans Simonsen of Stonington recalled to the Escanaba area stories of a courageous man and expert mariner who sailed one of the last three-masted schooners on the Great Lakes.

For Capt. Simonsen was master of the schooner Lucia A. Simonsen when it was struck by a squall in July, 1929, off Algoma on a trip from Milwaukee to Sturgeon Bay. The schooner was so badly damaged it was left at Sturgeon Bay's "graveyard" of old ships. There in the fall of 1935 the Lucia Simonsen was accidentally destroyed by fire. The schooner had been built in 1875 and Capt. Simonsen had sailed her for more than a quarter of a century.

Q&A Service

By WS Bureau

YOUR INFORMATION SERVICE

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT) Mail this Coupon and a 3-cent stamped, self-addressed envelope to Daily Press Service Bureau, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone: write as directed.

Q. Is it true that the U.S. Department of Agriculture converted a quarry into a refrigerator?

A. Yes. It operated the Kerford quarry near Atchison, Kansas, which includes a 15 acre cavern, as an underground cold storage plant. The original owners left huge pillars to support a three foot roof of stone which is covered by the 300 foot bluff.

Q. Who are the men appointed by the President to head the three separate branches of the new national military establishment?

A. Kenneth C. Royall, Army Secretary, an attorney; John L. Sullivan, Navy Secretary, also an attorney; and W. Stuart Symington, former St. Louis industrialist, Air Force Secretary. James Forrestal, former Secretary of the Navy, has the overall assignment, Defense Secretary.

Q. Is the Mohave Desert the biggest desert in the U.S.?

A. Yes. It lies north of the Colorado Desert and south of Death Valley in southeastern California; occupies 15,000 square miles, has an approximate elevation of 2,000 feet and a temperature range of from 70 degrees to 125 degrees Fahrenheit during summer months. It consists of hot, dry alkali flats interspersed with salt pans or lakes, and has scanty vegetation.

Q. Why does the smoke from a fire in a stove or in a grate ascend the chimney?

A. Because the smoke and other gaseous products of combustion being lighter than the air of the room, ascend and soon fill the chimney with a column of air lighter, bulk for bulk, than a column of atmospheric air.

Q. Thirty percent of my disability compensation and disability allowance is awarded to my children in a home. The Superintendent of the home declares that it must be saved until the children are 18 years old. May any amount of that money be used now for my children?

A. Yes. The amount of your subsistence allowance and disability compensation set aside for your children may be used now for their support. It is not set aside for them until they become 18 years of age.

PAN AMERICAN SERIES

Four informative and interesting pamphlets describing past and current problems of the countries of the Western Hemisphere—CHRISTOPHER COLUMBUS—some facts and some fiction about the great explorer; JAMES MONROE—a biographical sketch of the Father of the Monroe Doctrine; LATIN AMERICAN DICTATORS—an interpretation of Latin American "dictatorship" for American readers; and BATTLE FOR SOUTH AMERICA—the effect of Nazi penetration in South America—are now available. To obtain all four publications send this clipping with 10 cents to cover handling and mailing costs to Daily Press Service Bureau, 1217 13th St., N.W., Washington 5, D.C. Write your name and address plainly.

The Washington Merry-Go-Round

BY PETER EDSON

Washington, (NEA)—Something seems to have gone slightly haywire with the many predictions or last spring that "the cost of housing is so high it's pricing itself out of the market."

New non-farm housing started in August was at the record high of 83,000 units. Completions for the full year may not be much above 750,000. That's considerably under the million new houses promised by some government and industry sources last January.

But, according to Raymond M. Foley, new top boss of all government housing activities, prices have leveled off in recent months at a high plateau, and there is no reason why they should not decline gradually over a fairly long period.

This is what the National Association of Real Estate Boards said the trend would be after its survey of 450 cities last March. It found costs coming down in about half the cities, registering no change in a third, rising in the remaining sixth.

The companion National Association of Home Builders puts out the line that present housing costs are not out of proportion to other advances in prices. The way NAHB figures it, based on 1939 levels the average individual's income is up 119 per cent. Food is up 93 per cent. The cost of new houses is up only 82 per cent.

While this may be good arithmetic and good sales talk for the building industry, it isn't the whole story. The total cost of living has gone up but 58 per cent. And an 82 per cent increase in the cost of a new home is too much.

—MANY FACTORS BOOST COSTS

Principal reason these prices are too high is found in America's great unfilled need for modern low-cost housing. It has been estimated as high as a million units a year for 10 years. This figure doesn't mean much because housing requirements are constantly changing. Also, it doesn't break down the need in terms of how many houses costing under \$6,000, \$12,000, \$18,000, \$25,000, \$35,000 or over \$50,000. That's one of the things Administrator Foley, as head of the new Housing and Home Finance Agency, is trying to find out. This is the real basis for licking the housing problem.

In a recent speech before the U. S. Savings and Loan League at San Francisco, Foley went into some of the things causing today's high housing costs.

Housing Administrator Foley does not indicate that there will be any government program or drive to bring down housing costs. He doesn't go in much for controversy, and he kept out of most of the row over the veterans' housing program. Though Foley has been in government housing work for 13 years—first in Michigan, then in Washington—he says he is a champion of private housing.

He looks on the housing industry as a complex collection of many independent businesses and many skills. It isn't unified like the auto business.

—EVERYBODY IS IN THE ACT—

The final figure in home building—the general contract—has little control over total costs. If there is to be any reduction in building costs, says Foley, there must be a cut at every step in the construction process.

"Land developers must cut margins on sites." Raising prices just because other prices have gone up is preposterous.

"Labor must justify high pay by full production." Efficiency and craftsmanship of most building labor is now at an all-time low.

"Sub-contractors must sharpen their pencils in bidding." Now that prices are dropping, there is no need to add 30 per cent for protection.

"Material producers must reduce unit costs." Charging all the traffic will bear while demand exceeds supply is inexcusable.

"Outmoded building codes must go if they add to costs." This evil has been known for years, but nothing has been done about it.

"Restrictive labor practices must be done away with." Use of new prefabrication techniques and materials must be encouraged.

"Constant liberalizing of credit terms to support today's high prices and soak the home buyer is no excuse for a direct attack on costs."

Reduction of costs has been set as the number one objective of the Joint Congressional Committee to investigate housing. If this group, under Rep. Ralph Gamble of New York and Sen. Joseph R. McCarthy of Wisconsin, can do anything to correct some of these abuses, it will earn every cent of its \$100,000 appropriation.

Other Editorial Comments

A SEVERE SENTENCE?

(Oakland Tribune)

A vacationist from Los Angeles to the Los Padres National Forest was fined \$300 and given a 90-day sentence for smoking a cigaret.

Was the sentence severe? Ask the thousands of men who have been fighting forest fires in California during the last two weeks. Ask relatives of the seven men who lost their lives. Next time you visit what last year was a beautiful woodland retreat and is now given over to blackened stumps and spires, you may ask the question again.

Our forest loss this year threatens to be the heaviest in history and almost all of it, so far, can be laid to human carelessness. We can attack this carelessness by warnings, education, forest patrols and arrest, fines and jail sentences and we cannot overlook one weapon in our arsenal.

RUARK AWAITS PLANE TO U. S.

Globe Trotting Writer Says Travel Is Not Too Bad

By ROBERT C. RUARK
Scripps-Howard Staff Writer
Madrid—This is a good place to wind up the trip with a dissertation on travel, because I am sitting out here at an airport waiting for Air Iberia to produce an airplane to take me to Lisbon, and for all I know I will be a Franco subject before Air Iberia arrives with its iron bird.

One thing you acquire quickly in European barnstorming today, is a sort of desperate resignation. It is of no use to blurt your wrath on disappointment, delay, or fouled-up arrangements. You adopt the Arab creed of Kismet, and By-mebye, you get where you're headed.

Everybody Is Flying
For a country of destitute people, you never saw so many people going so many places. Pan-American and TWA and Air France and Alitalia and B.O.A.C. and Swissair and Air Atlas and a dozen other outfits fly everywhere from everywhere, and they are always filled to bulging capacity. A guy I know, traveling from Rome to Florence recently on an Italian line, said it was his first experience with straphanging in an aircraft. I believe him. I have flown with Italian pilots, and I do not wish to repeat the performance.

I have waited four days for the same TWA plane to show up in Paris, in order to get me to Rome. I became so well-known by the employees at Orly field that not even the customs people shook me down on departure.

To date I have been lugged off to jail by the Italians for a passport irregularity. I have been snatched off aircraft by colonial

French officials in Africa, and made to wait a week to unsnarl a passport crisis which, as far as I could determine, existed only in the thick skull of M. Le Prefet. I have also traveled by bus and train and barge and boat, by car and by magic carpet. As I say, you learn resignation, but eventually you get there. It is just that you are never quite the same afterwards. There is a tendency to twitch, pluck out the mustache by the roots, and flinch at sudden noises.

Before I shoved off on this junket, I got more free advice on how to travel in Europe than is generally wished off on a bride. Take a half-ton of soap, they said. Carry your own toilet necessities. Weight yourself down with towels and canned food and cigarettes and chewing gum and two dozen extra shirts . . . otherwise, you starve, go dirty, unshaven and uncrisp in the collar. Fiddlesticks!

Traveling Isn't Bad
We hit a couple of rough spots, in which a cake of soap came in handy, but by and large a traveler can acquire anything in any spot in unoccupied Europe or Africa that he could snaffle off in America. I got consistent two-day laundry service, for instance, except in England.

You can buy John Haig scotch for two bucks a bottle in Tangier, and Chesterfields for less than they cost you in New Orleans. Maybe they shut off the hot water in the middle of the day in some places, but who takes baths in the middle of the day?

An American would do well to have his clothes made, of fine British woollens, in Rome or Spain, and I am wearing some silk shirts, tailormade in Rome, for a price that would drive a haberdasher crazy in New York. I saw my first Kaiser automobile in Tangier. The guy who carelessly crosses a street in Rome or Paris doesn't get trampled by a mule. He gets mashed into the asphalt by a new Buick convertible.

I would say the hotel shortage, while mildly acute, is not half so tough as in the states. The linen is crisp, the service is wonderful, and the pushbuttons work as well as the lavatories. We have drunk the native water, eaten the native food, and slept in the native beds, and to date there is no sign of dysentery, typhoid, scabies or bedbugs. Maybe we're just lucky. There is only one thing you

Fausone To Head Vacation League

Houghton, Mich. — Peter J. Fausone of Calumet, well known former newspaperman, has been appointed manager of the Copper Country Vacationist League. It was announced by officials of the organization. He will assume his duties on Oct. 1.

Mr. Fausone is well equipped to conduct the affairs of the league, both through training and experience. He was on the editorial staff of the Daily Mining Gazette for 10 years, serving in both Houghton and Calumet offices, and covered a number of activities having to do with the tourist business and attractions in the district.

His personal acquaintance with newsmen in Milwaukee, Detroit, and Chicago also is expected to prove of value to the league in its program of promoting favorable publicity of this area as a tourist haven.

Classified Ads cost little but do a big job

need to travel abroad today, and that is a thick sheaf of little old green things with pictures of 'be Lincoln on them. If you have them, the world, both black-market and otherwise, will trample a fast path to your door.

I do believe I spy a plane in the distance. If my luck is in, I am done with General Lee and people named Ali, and can shortly concentrate on the lovable whimsies of Boho Newsom and Col. L. S. MacPhail.

SOLDIER GIFTS MUST GO EARLY

Mailing Between Oct. 15 And Nov. 15 Is Advised

Christmas packages for members of the armed forces overseas should be mailed between Oct. 15 and Nov. 15 in order to assure delivery before the Yule holiday, Postmaster Regina Cleary said today.

She urges residents to mail parcels for Navy and Marine Corps personnel serving in remote areas before Oct. 15. Packages destined for delivery in Japan, Korea and the Pacific Islands should be mailed not later than Nov. 1 because of the distance involved.

Christmas cards for Army personnel overseas may be mailed at any time, but they should be sent out before Nov. 15 if a reasonable assurance of Christmas delivery is wanted. The War Department advises that greeting cards for soldiers should be sent in sealed envelopes at first-class rates.

Christmas parcels to be sent overseas must not exceed 70 pounds in weight or 100 inches in length and girth combined. Members of the armed forces are amply provided with food and clothing and residents are urged not to include such things as gifts.

Boxes for overseas mailing should be stronger than containers used for packages which do not

leave the states. Because of the greater distance the packages must be transported and the handling and storage they must undergo, it is necessary that all articles for overseas be packed in boxes of metal, wood, solid fiberboard, or strong, double-faced corrugated fiberboard, testing at least 200 pounds.

Each package should be tied with strong cord, preferably by four separate pieces, two lengthwise and two crosswise, and knotted at the crossings. Boxes should contain sufficient cushioning material so that contents will be tightly packed to prevent any rattling or loosening. Unless completely packed and tightly filled, boxes are likely to be crushed.

Valuable articles should be registered and insured. Perishable matter will not be accepted and the sending of fragile articles is discouraged. Intoxicants, inflammable materials and compositions which may kill or injure another may not be mailed. Cigarettes and tobacco products may not be sent to Germany, France and Austria and to Navy numbers 913 and 963 in Germany.

Washington state has 56 percent of its land area in forest.

Garden

Home Ec. Meeting

Garden, Mich. — Mrs. Hazel Hazen presided over the meeting held Wednesday evening to organize the local Home Economics club of the Extension Division of the Michigan State College. Officers elected were Mrs. Hazen, chairman; Mrs. Walter Stellwagen, vice chairman; Mrs. Robert Lester, sr., secretary-treasurer; Mrs. Earl Ross, Mrs. LeRoy Winter and Mrs. Marcella Winter in charge of recreation. For the first meeting on Christmas gifts, which will be held shortly after the meeting for leaders on Oct. 6th, Mrs. Kresheske and Mrs. Albert Tatrow were chosen to lead and other leaders will be chosen prior to succeeding meetings.

Harvest Supper

Members of the local grange enjoyed a harvest home supper at their hall in Kate's Bay Tuesday evening. Roast chicken with all the trimmings being served as the main course. Election of officers is scheduled to take place at their next meeting, Tuesday, Oct. 7th.

Mrs. Alpha Thibault was the leader.

Guild Meeting

Rev. Serge Hummon of Rapid River, pastor of the Congregational church, met with Guild members at the home of Mrs. Edna Clark Wednesday afternoon and presented facts and figures from the survey made by Dr. Ross Sanderson in Delta county in June. Mrs. Ossie Hazen will be the hostess on Oct. 15th at her home.

Birthday Party

Mrs. Herbert Sill of Van's Harbor was complimented by mem-

bers of the birthday club at her home Tuesday evening and was presented with a nice gift. Her guests played smear and pinochle, awards going to Mrs. Edward Lamotte and Mrs. Ulysses Maynard. Table appointments were in pink and white with a pink cake as central attraction.

Briefs

Al Forhart returned here Tuesday by car to get his wife and baby to make their home in Ross North Dakota.

Mrs. Howard Caron and Mrs. Louis Thibault of Detroit are visiting relatives here.

WHEN YOU WANT BETTER BEER DRINK

Burger

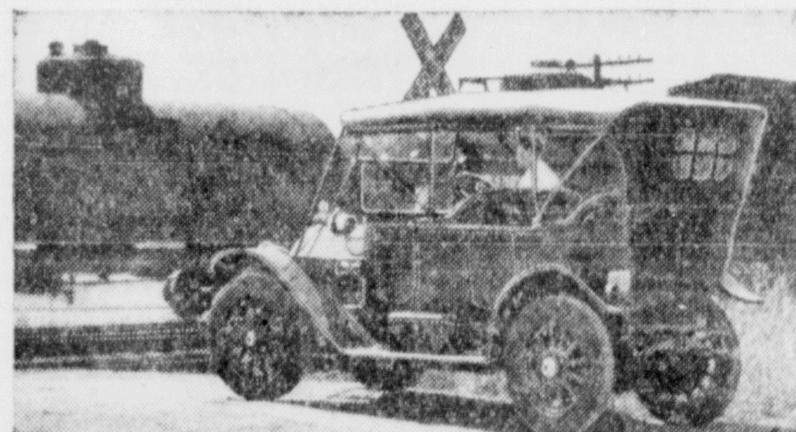

BOHEMIAN BEER

CINCINNATI'S FAMOUS OLD AGED BEER

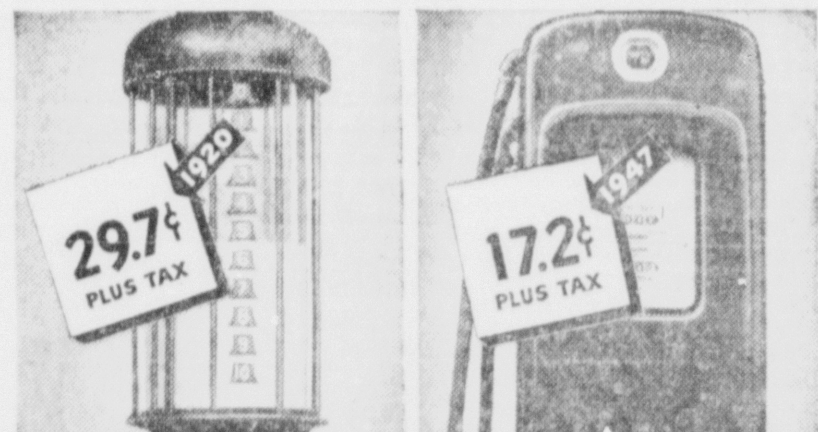

THE BURGER BREWING CO. CINCINNATI, O.

Do kids count freight cars nowadays?

You remember, don't you? You'd see a freight train rolling by and you'd start counting, "One, two, three . . . thirty-eight, thirty-nine, forty."

IN 1912, A TANK CAR OF CRUDE OIL would yield only 2,300 gallons of gasoline. Today's potential from the same size car is 8,000 gallons! In 1912 Standard developed the Burton Cracking Process, perhaps the most revolutionary of many Standard "firsts," which have enormously increased the yield and quality of gasoline . . . and reduced price.

SINCE 1920, THE PRICE OF GASOLINE (less tax) has been pushed down from a national average of 29.7 cents a gallon to 17.2 cents today—and 1947 gasoline is infinitely better. Hundreds of new ideas, new ways of doing things, are put to work at Standard every year to help bring you better products and better values.

EVERYTHING FROM CANDLES TO AVIATION GASOLINE Standard now makes over 2,000 products for your car, your home, your farm and your business. The combined demand for them is so great that our big problem today is how to serve you rather than sell you. Standard works and invests to solve the problem, as do the other oil producers, transporters, refiners and marketers in this country—34,000 in all.

YES, THERE ARE 34,000 OIL COMPANIES IN AMERICA—225,000 service stations. The only way Standard can stay among the leaders is to make better and more useful products, to improve our service and to give you full value for your money. These are Standard's goals. Without such effort, you might today be buying old-style gasoline and paying something like 50 cents a gallon!

Sinfonietta Is
Among Town Hall
Feature Numbers

Among the most popular and brilliant married couples appearing together on the concert stage today are Harry Farberman, renowned violinist and conductor of the Farberman Sinfonietta, and his wife, Edith Schiller, gifted pianist and guest soloist of the Sinfonietta, which is to appear in Escanaba in May, is one of the feature numbers of the Town Hall concert series.

Farberman, who studied with Leopold Auer, made a successful debut in Buenos Aires in 1923, and this was followed by a tour of the midwestern states, a solo appearance with the Detroit Symphony and a European tour.

It was after he had joined the staff of radio station WOR, as guest conductor for Alfred Wallenstein's Mutual Network broadcasts, that he met his future wife, who was soloist of some of the programs. It was at this time, too, that "for the sheer fun of making music," he organized the string ensemble, that later was to become famous as the Farberman Sinfonietta.

At present he appears as guest conductor of the St. Louis Symphony and has his own Pop Concert series. He also appears with the Symphony as violin soloist, but most of his musical activities are confined to touring with the Sinfonietta.

New York Recital
Miss Schiller, who has had extensive experience in concert and radio, made her first New York recital debut at Times Hall last year and received the overwhelming praise of New York's major music critics.

Tickets for the Town Hall concert series are now on sale at Gust Aspi's, Home Supply Co., Tommy's Restaurant and George Nelson's store in North Escanaba.

Wine Can Be Made
Legally At Home

A penny postcard addressed to the Alcohol Tax Unit telling Uncle Sam that you as the head of a home wish to make wine for your own consumption will set the wheels in motion to give you a green light.

The law in the States of Ohio and Michigan, in conformity with the Federal law, allows the head of a household to make 200 gallons of tax free wine annually for home consumption within the home or household in which it is manufactured, provided the Alcohol Tax Unit is advised of such intentions. This wine cannot enter into commercial channels, be sold or bartered without incurring severe penalties by the Federal and State Governments.

Any head of a household in Michigan and Ohio, who intends to make homemade wine for family use, should notify the Alcohol Tax Unit, 2412 Buhl Building, Detroit 26, Michigan, ten days or two weeks ahead of the time it is planned to commence making the wine. Forms and instructions will then be provided at no cost.

Veteran Given
Old "Run-Around"

BY RUTH MILLETT
NEA Staff Writer
The veteran, going into business for himself, figured he would buy some of his special instruments and office furniture from the War Assets Administration.

First he went to the WAA office in a large southern city. The building was impressive by its size, the receptionist polite, the man to whom he was taken seemed interested in his particular problem.

But there was nothing for sale in sight. "I'd advise you," said the man in charge, "to go to such-and-such a city"—which happened to be 30 miles away.

That was the start of an office-to-office-to-still-another - office jaunt. Finally, the veteran found the right office.

"What about delivery?" the veteran asked. "I'm setting up an office right away, and I'd have to know when I could expect to get equipment delivered."

"The first thing they told me when I came here," the helpful clerk said, "was never to promise anything in regard to delivery. You might get your order in a week—and it might be six months. There's a lot of paper work on each delivery, you know. And we're way behind on our paper work."

"I can see that it's the same old Army run-around," said the veteran. And that was the end of the story for one ex-serviceman, eager to buy some of the War Assets equipment at which veterans were promised first chance.

The story has probably ended in just such a fashion for thousands of veterans.

To save time and trouble with shoulder pads make them removable. Instead of sewing them in, attach them with small-sized snaps. You can then take pads out when you launder your clothes or have them cleaned and snap them in again just before wearing. Dresses pack more easily and fold more smoothly without them, saving space in suitcases for travel.

The first right and left shoes in this country were made in 1822. Before that the right and left shoe were made the same and could be worn interchangeably.

STRAPLESS GOWNS... Hold their own in French fashions. This one designed by Jacques Fath is satin, fake diamonds.

Births

Recent new arrivals at St. Francis hospital are:

September 24:
A son to Mr. and Mrs. Elmer Nelson, of Cornell.

A daughter to Mr. and Mrs. John Kidd, 2125 Fifth avenue south, Escanaba.

A daughter to Mr. and Mrs. Keith Johnson, Rapid River.

September 25:
A son to Mr. and Mrs. Bernard Buckland, Cornell.

A son to Mr. and Mrs. Hubert Irvin, Escanaba, Route One.

A daughter to Mr. and Mrs. Keith Dishno, of 308 North 20th street, Escanaba.

A son to Mr. and Mrs. Joseph Houle, 1808 Washington avenue, Escanaba.

A daughter to Mr. and Mrs. Lawrence Wils, of Rapid River.

September 26:
A daughter to Mr. and Mrs. Elwood Way, of 520 North 19th street, Escanaba.

A son to Mr. and Mrs. Thomas Duchaine, 306 North 15th street, Escanaba.

September 27:
A daughter to Mr. and Mrs. Robert Michieu, Gladstone, Route One.

A daughter to Mr. and Mrs. John Johnson, of 1202 North 19th street, Escanaba.

A son to Mr. and Mrs. Russell Beechler, Gladstone, Route One.

September 28:
A son to Mr. and Mrs. Henry Lynaugh, Gladstone, Route One.

A son to Mr. and Mrs. Irvin Messersmith, of Wilson.

Social - Club

Auxiliary Meeting
The American Legion Auxiliary, Unit 82, will hold a special installation meeting at the club rooms Tuesday evening at 7:30 o'clock. A social hour and lunch will follow the meeting.

Golf Club Matches
The Women's League of the Escanaba Golf club will play its final matches Wednesday afternoon. Reservations for the supper which will be served at the club house after the play are to be made by calling the club house before Tuesday noon. The league's annual "pay-off" supper is scheduled for Wednesday, October 8.

Auxiliary Rummage Sale
The Women's Auxiliary of St. Stephen's Episcopal church, Sixth street and Third avenue south, will hold a rummage sale in the basement of the church Friday afternoon, October 3, beginning at 1:30 o'clock.

Meeting
St. Mary's Court 561, Women's Catholic Order of Foresters, will meet at 8 Wednesday evening in St. Joseph's clubhouse. A social hour will follow the business meeting.

Ladies' Aid Meets
The Ladies' Aid Society of Calvary Baptist church is holding a quarterly meeting Tuesday evening at 7:30. All members are urged to attend.

Personal News

Norman Kincaid left Sunday afternoon for Houghton to resume his studies at the Michigan College of Mining and Technology. Norman, who is a son of Mr. and Mrs. Cordie Kincaid, of 912 Third avenue south, is beginning his senior year.

Robert Kaufman, son of Mr. and Mrs. Henry A. Kaufman, 314 Stephenson avenue, returned to Houghton Sunday to resume his studies at Michigan College of Mining and Technology. Robert is in his junior year.

Rev. Gustav Lund, pastor of Bethany Lutheran church is leaving Tuesday morning for Sault Ste. Marie, where he will attend a meeting of the Isperning district, Superior conference of the Augustana Synod.

Mr. and Mrs. Alex Metor and Mr. and Mrs. Robert Weber will leave Wednesday morning for a week's trip to Detroit and vicinity.

Roy Nerbonne and Paul James left this morning to return to Chicago after spending a few days in Escanaba visiting Mrs. Rose Nerbonne, who is celebrating her 80th anniversary Tuesday.

Edward LaFave left today to receive examination in the Green Bay clinic.

Mrs. Charles Gorenchian 625 North 16th street, left this morning to enter the Green Bay clinic.

Joseph Powers, 1604 North 20th street, returned today to Rockford, Ill., where he is employed after spending the weekend with relatives in Escanaba.

Mr. and Mrs. Jack Ridings, Marquette, who have been visiting relatives in Escanaba and Gladstone, left this morning for Milwaukee.

Mrs. Charles Schmidt and granddaughter, Maureen Kelly, left today for Marquette where Maureen will join her parents, after spending the week with her grandparents in Escanaba.

Miss Marjorie MacLean, student of Layton School of Art in Milwaukee, left this morning to return after spending the weekend in Escanaba.

Miss Eileen Hamm left today to resume her studies at St. Anthony's Hospital School of Nursing in Rockford, Ill., after spending the weekend in Escanaba.

Mrs. Clarence Olson and daughter, Bonnie, who spent the summer with Mr. and Mrs. Oscar Berglund, her parents, at 1308 North 15th street, left this morning to return to Sacramento, Calif.

Isadore Stein left this morning to spend a few days in Chicago on business and visiting friends.

Mr. and Mrs. Francis Thill of Fayette were among guests at the wedding of Joyce Courier and Joseph L. Berube, of Wells, which took place Saturday at St. Patrick's church.

Elaine Straub, who is employed in Milwaukee, has arrived here to visit at the home of her parents, Mr. and Mrs. Clifford Menard, 2011 Third avenue north, before entering St. Francis hospital for surgery.

Virginia Newhouse of Sault Ste. Marie was a weekend guest at the home of Mr. and Mrs. Earl Taylor, 122 First avenue south.

Mr. and Mrs. Carl Kessler have returned from a week's vacation in Niles, Mich.

Among Escanabans who attended the Green Bay Packers-Chicago Bear football game in Green Bay Sunday were Mr. and Mrs. Ray Taylor, Mr. and Mrs. William Niles, Mr. and Mrs. Robert LeMire, Mr. and Mrs. Claude Tobin, Jr., Mr. and Mrs. Henry Reiffers and Mr. and Mrs. Emil Gagner. Mr. and Mrs. Joseph Poffenberger, of Gladstone, also attended the game.

Mr. and Mrs. E. J. Kallio have returned from a short visit with John Kallio in Chatham.

Sven Dahlquist of Chicago is leaving tonight after visiting here with relatives over the weekend.

Mr. and Mrs. Kenneth Wedell and son, Jerry of Milwaukee have been visiting the past week at the E. J. Kallio home. Mr. Wedell returned home and Mrs. Wedell will remain for another week to visit relatives in Marquette, Chatham and Escanaba.

Mr. and Mrs. Holmer Flink and Mr. and Mrs. Charles Sherlock spent the weekend in Marquette to attend the convention of the National Association of Letter Carriers.

Mrs. Edith Harrison and son Robert visited relatives in Perkins over the weekend.

Conrad Desilets, of 715 South 16th street, has returned from Hot Springs, Ark., where he attended a convention of the Railway Tie association. Mrs. Desilets who accompanied him, stopped in Chicago to visit her mother, Mrs. Ander Anderson, who is a patient at Augustana hospital, and is returning to Escanaba this evening.

Mr. and Mrs. James Christie have returned from Milwaukee, where Mr. Christie recently submitted to surgery at Deaconess hospital.

H. L. Holderman has returned from Hot Springs, Ark., where he attended sessions of the Railway Tie Association convention.

Mr. and Mrs. E. J. Kallio have returned from a short visit with John Kallio in Chatham.

GAY NINETIES PLUMAGE... Popular again and worn with gown of white satin designed by Fath for Fall collection.

PADDED HIP LINE

If you are planning to wear the new fashions this fall in a new suit or coat you are planning to make, you'll want that padded hip line look that promises to be the rage style-wise. You can build the firmly nipped in waistline by placing a seam binding on the inside of the coat at the natural waistline. Sewing center experts advise easing the garment onto the seam binding and slip-stitching it on invisibly. For unlined garments, seam binding of matching color should be used. It adds that fitted look at the waistline, adds it permanently and accents your padded hip line all at the same time.

Unwrap meat as soon as it is brought from the store, and cleanse it with a solution of baking soda, a tablespoon of soda to two cups of water. This will remove any dried blood, dust, etcetera. Then put the clean meat on a plate and store it in the refrigerator.

leaving tonight after visiting here with relatives over the weekend.

Episcopal Church
In Wisconsin To
Observe Founding

Several parishes of the Diocese of Northern Michigan will be represented in Milwaukee Wednesday evening, October 1, when the Most Rev. Henry Knox Sherill, Presiding Bishop of the Episcopal church in America, will be the speaker at a dinner in the Pfister Hotel, marking the 100th anniversary of the organization of the Episcopal Church in Wisconsin.

The centennial celebration will be observed in conjunction with meetings of the Synod and Auxiliary of the Province of the Mid-West, which includes the Diocese of Northern Michigan.

Heading the Upper Peninsula delegation will be the Rt. Rev. Herman R. Page, Bishop of the Diocese. Other clergy attending will be the Rev. William P. D. O'Leary, Trinity church, Houghton; the Rev. Edward R. A. Green St. James, Sault Ste. Marie; the

Rev. G. Philip Jung, Christ Church, Calumet; the Rev. J. William Robertson, Holy Trinity, Iron Mountain.

Lay delegates are W. P. Chamberlain and Glen B. Wilson, Marquette; George Osborn, Sault Ste. Marie; Mrs. W. P. Chamberlain, diocesan president, Woman's Auxiliary, Marquette; Mrs. Ralph McBain, Sault Ste. Marie; Mrs.

Robert Hyde, Calumet; Mrs. Thomas Perry, Crystal Falls; Mrs. Daniel Seiber, Houghton; Mrs. J. W. Alt, Calumet, secretary of the Synod, will also be in attendance from the Diocese.

Bishop Page, with Bishop Horstick, will lead a discussion during Synod sessions, on "Rural Work."

Patrons of the Carnegie public library in the new books, both non-fiction and fiction, recently put in circulation.

The additions to the library shelves, listed today by Mrs. Nancy B. Thomas, librarian, are as follows:

Non-Fiction
Deming, Careers for nurses. Mackey, Graphical solutions. Taber, Stillmeadow kitchen. Leckey, Your home and how to build it yourself.

Hodgson, A B C of the steel square. Hardy, How to make your house a home.

Baird, Make-up. Ommanney, Stage and school. Selden, Stage scenery and lighting.

Fashko, Book of indoor games. Roberts, Chicago bears. Day, Poetry for you. Perelman, Acres and pains. McCord, What cheer. Federal Writers, Guide to Lone Star State.

Federal Writers, Nevada. Baltzell, Sky pioneer.

Fiction
Bourne, Drums of destiny. Brace, The Garretsen Chronicle. Cox, Fashioned for murder. Duffield, Wise is the heart. Duncan, Gus the great. Elston, Hit the saddle. Gally, Flight into love. Gibbs, Way of life. Gruber, Whispering master. Hall, The great tide. Havill, Big Ember. Hohrecht, Tokyo.

Jaynes, This eager heart. Laverty, Liffey Lane. McGerr, Seven deadly sisters. Maugham, Creatures of circumstance.

Miller, The sound of chariots. Parmenter, Fair were the days. Powers, Ride east, ride west! Reilly, The farmhouse. Seifert, Take three doctors. Seeley, Woman of property. Shaprio, The Buckaroo. Smith, Harvey, Twin pines. Tellhet, The terrified society. Williams, House divided.

A subscription drive, to make possible enlargement of their paper, has been started by the two journalism classes of Manistique high school. The paper, an inaugural feature of the journalism department, is under the faculty advisement of Miss Pearl Kaukola.

So far this year, the venturesome journalists have issued one paper on the opening day of school. The second edition will come out Oct. 1, and every two weeks thereafter. The paper is printed in a Manistique print shop under supervision of the editor-in-chief, Miss Joan McNamara.

Regular features of the school newspaper include a sports spotlight, a chit-chat column, student editorial and junior high school news. The staff of reporters are students of second year journalism class, open to juniors and seniors. Officers in addition to the editors include Ruth Martinson, associate editor; Helen Hambeau, circulation manager; Mary Rasmussen, advertising manager; Betty Tebo, business manager, and Wes Schurbrin, sports editor.

Application for membership in the Quill and Scroll club, with headquarters in Northwestern university, has been made this year. Under the ruling of this national organization, students must devote each issue to some worthwhile activity. The journalism students, numbering 32, have plans so far for an issue on school attitude and another on the library.

The MHS Crier, pride of the journalism students, needs about 150 more interested readers. They devote an average of 185 inches to news and about 90 columnar inches to advertising.

Briefly Told

Rehearsal—The Choral club will hold a rehearsal at 7:30 tonight on the stage in the high school auditorium. All former members and interested persons are requested to attend.

Camera Club—A regular meeting of the Cloverland Camera Club will be held at 8:15 this evening at the home of Mr. and Mrs. Carl Anderson, Manistique avenue.

Meeting—The Retail Merchants Division of the Manistique Schoolcraft Chamber of Commerce will hold a special meeting tonight at 7:30 in the county courthouse. All merchants are asked to attend the session to devise a uniform closing schedule and holiday service. The public is invited.

Obituary

JOHN STEPHENS
Funeral services for John Stephens, long time resident of Manistique, will be held Tuesday afternoon at 2:30 at the Kefauver and Jackson funeral home. The Rev. H. G. Cowdick, pastor of the First Methodist church will officiate. Burial will be in Lakeview cemetery.

WALTER E. HERRICK
Walter E. Herrick, age 72, died Sunday morning at 1:15 at his home at 147 North Maple avenue, following a two weeks illness. He was born January 1, 1875 in Salem, Mich., after which he moved to Winchester, Wis. He has been a resident of Manistique for 28 years. Before his retirement three years ago, he was employed with the Manistique Pulp and Paper Co.

Mr. Herrick is survived by his wife and three daughters, Mrs. Leo Lillie, Royal Oak; Mrs. James Rodgers, Gulliver; and Mrs. Walter Van Dusen, Lansing, and ten grandchildren.

Funeral services will be held Wednesday afternoon at the Kefauver and Jackson funeral home with burial in Fairview cemetery.

Cornell

CIRCLE MEETS
Munising—The Missionary Circle of the Methodist church will meet at 8 Tuesday evening at the home of Mrs. John McPhee.

BEWARE OF
PIN-WORMS

Medical reports reveal that an amazing number of children and adults are victims of Pin-Worms.

Watch for the warning signs, especially the embarrassing, nagging rectal itch. After centuries of Pin-Worm distress a really effective way to deal with them has been established through JAYNE'S P.W., the new Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take P.W. tablets give satisfaction or your money back. So why take chances on Pin-Worms? If you suspect this icky infection, ask your druggist for P.W. and follow the directions. It's easy to remember: P.W. for Pin-Worms!

Our Boarding House

Sault Woman
Seriously Hurt

Mrs. Harvey Van Dusen, 306 Newton avenue, Sault Ste. Marie, was severely injured in an automobile accident Sunday afternoon at 1:45, near the Green School at Blaney, in a collision involving two automobiles.

W. L. Vanatta, of Gulliver, driving west on US 2 dropped off the pavement on to the shoulder, and in attempting to bring his car under control swerved into the path of the car driven by Harvey Van Dusen, who was traveling east.

Mrs. Van Dusen sustained a broken left leg and right shoulder and cuts. She was treated at the Shaw hospital, and was taken later by ambulance to the Soo. Neither Mr. Van Dusen nor Mr. Vanatta were injured.

Both cars were damaged extensively.

Local State Police officers investigated the accident.

Cab's 2-Way Radio
Thwarts Robbery

Newport News, Va. (AP)—Cab Driver E. M. Harrel's two-way radio did a \$50 job of thwarting a robbery.

Harrel was driving a passenger from Newport News to Norfolk by way of ferry when a fellow passenger invited Harrel's fare aside for "a little drink."

That "little drink" cost the man \$50—all the money he had in his wallet.

Harrel used his radio to report the theft to cab headquarters and by the time the ferry docked, police were on hand.

The \$50 was returned to the robbery victim. Harrel was congratulated by police and everyone was happy—including the thief. The victim refused to press charges.

Try a For Rent Ad today.

TROOP ELECTION
Munising—Boy Scouts of troop 332 headed by Scout master William DeBruyn held an election of patrol leaders recently.

Walter Johnson was elected leader of the Fox Patrol and Merrill Collins was selected leader of the Eagle patrol.

Members of the two patrols are: Fox—Wallace Laird, assistant patrol leader, William Mazzoli, Jr., Jack Rice, Gordon Nelson, Donald Campbell and Eugene Golenda.

Eagle—Charles Elker, assistant patrol leader, James Warren, Lyle Bancroft, Ronald Miron, Dennis Campbell.

Donald Campbell was elected troop scribe.

Co-op Will Hold
Meeting Wednesday

Munising—The Munising branch of the Trenary's Farmers' Cooperative will hold its semi-annual meeting at 7:30 p. m. Wednesday in the Co-op hall.

Business to be transacted will include reading of the financial report, auditor's comments and reports by the board of directors and managers.

The public is invited. Lunch will be served following the business session.

BPW-Drama Club
To Hold Joint
Dinner Meeting

Munising—The annual Joint Dinner meeting of the Munising Business and Professional Women's club and the Drama club will be held at the Beach Inn, Monday, October 6, it has been announced.

Mrs. Irene Walters of the BPW and Miss Flora Smith of the Drama club have been selected to act as program chairmen and will be assisted by the following members of the respective organizations:

BPW—Mrs. Una Walters, Miss Margaret Lipsett; Drama club—Mrs. Charles Symon and Mrs. Adolph Stebler.

DRIVER GIVEN
TRAFFIC TICKET

No Report Turned In
On Personal Injury
Accident

Floyd Weberg of Nahma was the driver and owner of the auto which was involved in an accident with a car owned and driven by Leonard Bizeau, city, Saturday morning about 2:30 o'clock on the Whitefish Hill east of Rapid River, investigation by Michigan State Police discloses.

Weberg stopped at the scene of the accident at the time and gave his name and address but officers were unable to obtain the name from any of the occupants of the Gladstone auto when they arrived and thus had to make further investigation at Nahma.

Weberg was given a court summons for failure to report a personal injury accident.

Two occupants of the Gladstone auto, Paul VerHamme and John Hillewaert, sustained injuries and were shaken up and bruised when the Bizeau auto went out of control, skidded off the highway and overturned following the accident. They were returning from Manistique where they attended the football game.

Weberg told officers he was on his own side of the highway and making the slight left-turn at the top of the hill when the autos collided.

In another traffic violation, George Demeuse, Masonville, was given a ticket inviting him to visit justice court for driving an auto with defective brakes and which was not registered.

Briefly Told

Confirmation Class—The junior confirmation class of the First Lutheran church will meet Tuesday afternoon at 4 o'clock for instruction.

To Tell How Chemurgy
Affects American Life

How chemical progress affects the average American will be told by Vernon S. Peterson, public relations man for the E. I. DuPont de Nemours Co., who is to be the speaker at a meeting Tuesday evening in the Legion hall.

Sponsoring Mr. Peterson's appearance here are four local organizations, the Chamber of Commerce, Rotary and Lions clubs and Legion Post.

It will be a dinner meeting and is scheduled to open at 6:30 o'clock. Dinner will be served by

the Ladies' Auxiliary, to August Mattson Post, American Legion.

Attendance is being limited to 125 persons and advance ticket sale has been conducted.

Mr. Peterson also will speak at the high school on Tuesday afternoon at 1:45 o'clock and persons who are unable to attend Tuesday evening may visit the high school and hear his message.

"Research and Better Living" will be the subject of Mr. Peterson's address and in addition to showing how chemurgy has advanced the standard of American living he will demonstrate or show a number of developments of the industry, a number of which have not as yet been made available to the public.

Musical selections will mark the after-dinner program.

In charge of the advance sale of tickets for the dinner is a committee composed of J. J. Poffenberger, Charles Burton, Vincent Johnson, Walter VanDeWeghe and Lewis N. Empson.

City Briefs

Ensign Service—Bible study and divine worship will be conducted at 8 o'clock Wednesday evening in the Stone Anderson school at Ensign by Rev. C. V. S. Engstrom.

Mrs. Irving Johns and children, Mary Jo and Jimmy, left Saturday for Columbus, Ohio, to join Lieutenant Commander Jadin who is stationed there with the United States Naval Air Corps.

Miss Lois Murker has resumed her studies at Northwestern University at Evanston, Ill., after vacationing here with her parents, Mr. and Mrs. Clifford Murker.

Miss June VanDeWeghe, student at the school of nursing at Michael Reese Hospital, Chicago, is spending three-weeks vacation visiting here with her parents, Mr. and Mrs. Walter VanDeWeghe.

After a vacation visit here, Carl Olson has returned to Evanston, Ill., where he will resume his studies at Northwestern University.

Mrs. Elizabeth VanWinkle will submit to surgery Tuesday morning at St. Francis Hospital.

New York, Brooklyn Clash In World Series Opener Tomorrow

LEADING THE BAND—With catcher Bobby Bragan at the piano, Manager Burt Shotton leads the Brooklyn Dodgers in chorus in the clubhouse. The tune is: "Who's afraid of the big, bad Yankees?"

Shea Named By Harris; Ralph Branca Expected To Pitch For Dodgers

BY JACK HAND
New York, Sept. 29 (AP)—Freshman Frank (Spec) Shea, named by Manager Burt Shotton to pitch tomorrow's World Series opener for the New York Yankees, probably will be opposed by 21-year-old Ralph Branca, Brooklyn's ace 21-game winner, with Lefty Vic Lombardi a strong second choice.

Harris tabbed Shea, the first American League rookie ever to hurl the first game of a series, for opening duty after yesterday's season final with the Athletics, but Manager Burt Shotton still refused to name his starting pitcher.

It could be that Shotton, who piloted the Brooklyn Dodgers to a five-length margin although he joined the club after the season had started, will wait until the morning of the first game before making known his decision. Burt

already knows who it will be but he doesn't want to take a chance on having one of his young men mull over the possibilities for 24 hours.

Branca Needs Rest
Branca, the top man of the staff on the won and lost records, 21-12, is the best bet. Leo Durocher made the mistake of using a "sleeper," Curt Davis in the 1941 opener before pitching his ace, Whit Wyatt, and he never got out of the barrel. If Branca works tomorrow he'll be ready to come back fully rested for the fifth game. A full three-day rest is a "must" for Branca who is not effective without rest.

BROADCAST ON WDBC
The first World Series game between the New York Yankees and Brooklyn Dodgers will begin at 1:30 tomorrow afternoon. The game will be broadcast over WDBC, the Escanaba radio station, which will pick up the pre-game chatter at 1:15 (Escanaba time).

If Shotton operates on the theory that left-handed pitching is his best bet against the Yankees, he may call on Lombardi, a half pint southpaw who makes up for lack of a zooming fast ball with a cutesy curling curve and good control.

Outside of some concern about Catcher Bruce Edwards, whose right finger tips have been battered by foul tips, the Dodgers were in good shape for their final tune-up at Ebbets Field this morning. Edwards will, of course, start, but Shotton used Bobby Bragan yesterday in Boston just in case Bruce's fingers may not be able to take further battering in the series.

No Yankee Surprises
The Yankee lineup will carry no surprises. Harris disclosed he will follow his customary batting order with George Stinnett at second base, Tommy Henrich in right field, Larry Berra, catching, Joe DiMaggio in center field, George McQuinn at first base, Bill Johnson at third base, Phil Rizzuto at shortstop and Shea, whose season record is 14-5. Should a lefty start for the Dodgers, Berra will start but he will bat eighth with Lindell moving to third and Rizzuto to seventh.

There was every indication that a new attendance record for a single series game would be set tomorrow at the Yankee Stadium.

About 72,000 persons are expected to pay a new gross gate high of \$300,000. All the 52,975 reserved and box seats have been sold for weeks. 7,000 standing room tickets (at \$4) have been on sale for a week and only 12,000 bleacher seats remain to be sold.

The bleacher ticket sale opens at 8:00 a. m. The day of each game.

The present record for attendance at a single series game is 69,990 in the 1943 series and for gross receipts \$269,408, in the 1942 series, both at Yankee Stadium.

On the basis of their pitching staff and a decided edge in the outfield combination of DiMaggio, Henrich and Lindell, the Yankees remained favorites at about 2 to 1.

The Yanks will be shooting for their 11th triumph in 15 series and the Dodgers still are looking for their first win after failures in 1916, 1920 and 1941.

St. Joe-Lourdes Game Postponed To Tuesday Night
The game between St. Joseph's Trojans of Escanaba and Lourdes of Marinette, scheduled for Sunday afternoon, has been postponed until Tuesday night. It was announced here yesterday.

The postponement was made at the request of Lourdes officials, who said the field in Marinette was too wet for use Sunday afternoon. The Trojans did not make the trip. Lourdes and the Trojans will clash at 8:30 p. m., Escanaba time, tomorrow.

MINOR LEAGUE BASEBALL
Little World Series
Syracuse (International) 7, Milwaukee (American Association) 1. (Syracuse leads 2-0).

Saturday's Results
Syracuse (International) 7, Milwaukee (American Association) 6.

Dixie Series
Mobile and Houston, no game (Teams tied 1-1).

Weekend Sports
Chicago. — Ben Hogan, Hershey, Pa., won Promoter George S. May's second international golf tournament with a nine under par 135 to take \$5,000 first prize.

Los Angeles. — Jack Kramer defeated fellow Davis cupper Ted Schroeder 10-8, 6-4, 6-4 for second straight year to take Pacific Southwest men's singles crown.

Kramer and Schroeder then teamed to defeat Frankie Parker and Francisco Segura in an 82-game, four-hour struggle for the doubles crown, 9-11, 7-5, 6-2, 9-11, 12-10.

Frankfurt, Germany. — Forty-three-year-old Max Schmeling, former world heavyweight boxing champion, began a comeback campaign by knocking out Werner Vollmer in seven rounds.

SHOTTON'S STARTER—Ralph Branca, the Brooklyn Dodgers' 21-game winner, is expected to be Burt Shotton's selection to take the mound against New York's Frank Shea in the World Series opener tomorrow afternoon. The game will start at 1:30, Escanaba time.

Tigers Finish Second By Shutting Out Tribe

Cleveland, Sept. 29 (AP)—The Detroit Tigers wound up the 1947 American League season in the runner-up spot today after Freddie Hutchinson hurled six-hit ball to shut out the Cleveland Indians yesterday, 1 to 0.

The victory put the Tigers in second place in the final standings two games ahead of the Boston Red Sox, who bowed to Washington. Detroit finished 12 games behind the pennant-winning New York Yankees—the same distance they were behind the championship Red Sox last year.

The lone run of yesterday's game in the second when Hoot Evers tripled off loser Bob Feller. Roy Cullenbine walked and Bob Swift hit into a double play, sending Evers home.

Feller fanned only one man as he finished the season with 11 defeats against 20 victories. Hutchinson, who fanned four and walked one, marked up his 18th win against 10 losses.

Hutch had only a couple of anxious moments, once in the third when Catcher Jim Hegan opened with a double. But he got rid of the next three men and Hegan was left on second.

Dale Mitchell and Hal Peak pounded out successive singles in sixth and the Indians threatened to score, but Hutchinson bore down and from then on stayed out of trouble.

The 27,617 spectators sent Cleveland's home attendance for the year to a record 1,521,978.

Club President Bill Veeck had announced two weeks ago that the tribe's share of all receipts over a million and a half attendance would be donated to the Community Chest drive here.

Manager Steve O'Neill of Detroit and several Tigers left after the game for the World Series while the rest headed for home to await next year's spring training season.

World Series At-a-Glance
Contestants: New York Yankees, American League champions; Brooklyn Dodgers, National League champions.

Site: Games one and two, Yankee Stadium, New York; games three, four, and five (if necessary), Ebbets Field, Brooklyn; games six and seven (if necessary), Yankee Stadium. Barring postponements for weather, the games will be played consecutively, with no idle days, starting Tuesday, Sept. 30.

Time: 1:30 p. m., Eastern Standard time, except Sunday, which is 2:05 p. m.

Probable opening day crowd: 73,000. Probable opening day gate: \$300,000.

Probable starting pitchers: Frank (Spec) Shea, (won 14 lost 5) New York Yankees; Ralph Branca, (won 21 lost 12) Brooklyn Dodgers.

Umpires: Ralph Pinelli and Larry Goetz, National League; and Ed Rummel and James Boyer, American League.

Wolverines Point For Stanford Tilt
Ann Arbor, Mich., Sept. 29 (AP)—Its 1947 football season launched with an impressive 55 to 0 victory over Michigan State college—third highest score in a half century of gridiron rivalry between the two schools—University of Michigan today sought to eliminate "weaknesses" in preparation for Saturday's invasion by Stanford University.

Michigan Coach Fritz Crisler minimized his opening victory saying, "we showed some weaknesses, but it was matter of all the breaks going to us."

With a knowing nod, he added: "I'll tell the boys all about the weaknesses this week."

Despite the guarded criticism, however, the unveiling of Michigan's powerful, veteran squad, which spoiled the MSC debut of Crisler's one-time line coach Clarence (Rigbie) Munn, strengthened pre-season predictions that the Wolverines are pointed for the Rose Bowl.

BEARS LOSE TO PACKERS, 29-20

Record Crowd Sees Pro Grid Thriller At Green Bay

Green Bay, Wis.—The skies were low, the rain threatened, but this football nutty town has not had a Sunday night like this in years.

The Packers won, the 2 to 1 underdog Packers, the same Packers who had looked so doubtful in earlier exhibitions, and they won from the Bears, the hated Chicago Bears. The score was 29-20.

A record crowd of 25,461, a remarkable turnout considering the weather which included rain all night and early Sunday morning and the threat of more rain all afternoon, came expecting the worst and left singing the praises of a team that under these lowering skies rose to every occasion and in a bitter, free scoring battle such as most of these games are, finished on top.

The Packers trailed only once. They scored first on Ward Cuff's field goal from the 28 yard line in the first quarter, then gave up the lead on Fennimore's touchdown a few minutes later. But they regained the lead on the first play of the second quarter on a pass, Jack Jacobs to Nolan Luhn, and then savagely clung to it the rest of the way although not until the last few seconds without Chicago's hot breath on their necks.

At various times, after regaining the lead, 10-6, they led, 17-6, 17-13, which was the score at the half, 19-13, which was the score at the end of the third quarter, 22-13, which was the score early in the fourth quarter, 22-20, and finally, 29-20, which was the last happy count the excited scorekeeper hung on the board.

Cuff's Toe In Form
To Cuff's field goal and Luhn's touchdown, Bruce Smith added a touchdown on a pass from Jacobs, Smith a safety when he chased McAfee into the end zone, Cuff another field goal from the 29 yard line, and Jacobs the third touchdown. Cuff added all of the extra points.

To Fennimore's touchdown, which temporarily erased Green Bay's early lead, the Bears added a touchdown on a pass, Sid Luckman to Jim Kenzie, and a second touchdown on a pass between the same two. After the first of the tallies, McLean muffed the extra point; on the other he converted.

Green Bay Sunday night had all manner of toasts to drink. One to Jacobs who handled the team so well, who tossed the passes, who intercepted two passes, who booted the ball like a demon, averaging 49 yards on his kicks, and who crossed up the Bears so completely on his naked reverse near the close. A second toast to Ward Cuff who booted those field goals which for a while provided the only margin of victory. A third toast to Bruce Smith, who scored a touchdown and who chased Mc-

Christman Passes Chicago Cardinals To Win Over Lions

Chicago, Sept. 29 (AP)—The Detroit Lions helped the Chicago Cardinals off to a fine start today in the National Football league season, absorbing a 45 to 21 defeat Sunday under former all-America Paul Christman's superb aerial work.

The Lions, who had opened their season a week earlier losing to the Pittsburgh Steelers, didn't show much improvement between the two engagements.

They started out strong in yesterday's encounter, but were unable to put up any kind of defense against Chicago's passing onslaught.

Christman sparked the Cardinal attack, tossing two scoring passes and setting up three other touchdowns with heaves that landed inside Detroit's 10 yard line.

The big Missourian picked up 320 yards with 16 completion out of 24 tries, falling only 113 yards short of matching the league record set in 1943 by Sid Luckman of the Chicago Bears against the New York Giants.

Ben Hogan Vaults To 1st Among Golf Big Money Winners
Chicago, Sept. 29 (AP)—Little Ben Hogan doesn't go to the winner's circle so often any more, but he still is professional golf's best cash-collector.

Hogan's par-pulverizing triumph in the second International tournament at Tam O'Shanter course yesterday was only his fourth win of the year, yet it boosted his earnings to \$29,310. Last year Ben led the field with 13 tourney wins good for \$42,596.

Little Ben scooted through Promoter George S. May's 36-hole invitational with a nine-under-par 135 to grab the \$5,000 first prize in the winner-take-all test among eight title-holders.

In addition, Hogan collected \$2,000 appearance money which Impresario May paid to each entry, which boosted him from third to first in golf's money-winning column.

Second to Hogan was South African Bobby Locke with 138. Ben and Bobby posted closing 70's yesterday, but the course record-equaling 65 he posted Saturday provided Hogan's three-stroke margin.

Your Phone and 693 will Buy
Afee into the end zone for what for a while looked like the vital safety. A fourth toast to Ted Fritsch, who in the toughest going in the fourth quarter pulled the Packers deep out of their own territory with explosive charges down the middle. And a fifth, sixth, seventh—oh yes go on, hundred toasts—to the whole Packer team.

ESCANABA DAILY PRESS
S P O R T S
"It Seems To Me"
BY JIM WARD

In view of what Norway's Donald Hill did to Escanaba with his spectacular passing Saturday afternoon and what Menominee's Bob Wesoloski did to Kingsford Saturday night with his equally spectacular passing, there is no time like the present to warn the Eskymos they will have to do some high-powered brushing up on pass defense if they are to stand a chance against the undefeated Maroons here next Saturday afternoon.

Hill and Wesoloski each threw three touchdown passes in their respective teams' one-sided triumphs. The Vikings walloped the Eskymos, 34-14, with an effective aerial show aided and abetted by Bill Marchetti's fine open field running, and the Maroons handed Kingsford its first loss, 33-0.

Hill tossed touchdown passes twice to Bob Devine and once to Marchetti, and Wesoloski heaved two pay-off passes to Mike Shatusky and one to Jack McCormick. All of them were long heaves, ranging from 25 to 45 yards, peculiarly parallel performances in view of the fact that Escanaba must face Wesoloski next Saturday after just having had more than his fill of Hill last Saturday.

Not only will Eskymo backs have to master the art of not letting a would-be pass receiver slip behind them, but the Eskymo forward wall will have to learn to harass the passer, something which was sadly conspicuous by its absence against the Vikings.

Time and again, Viking receivers shot out with a spurt just in time to get under one of Hill's looping "rainbow" passes, a type of pass which shouldn't be hard to cover for an alert defender.

And most of the time, Hill had all the time in the world to pick out his most likely receiver. He was cool, calm and collected back there. In fact, he was almost disdainful of the hapless efforts of Eskymo linesmen to make him hurry his passes or nail him on the spot.

On one occasion early in the second quarter, just before the Viking aerial show started, you will recall that Hill was harassed—but slightly. He started to pass, could not immediately locate a likely receiver, so decided to run with the ball. All he did was run around right end 12 yards for a first down on the Escanaba 14.

It was as if Hill was feeling the Eskymos to find out how much time he would have to get off his passes. He found out it was plenty. Although three Eskymos were in on him, he got away with a spurt and picked up 12 yards by running with the ball. Instead of driving in for a tackle, they acted as if they were waiting for him to pass.

If Wesoloski plays the same kind of game against Escanaba as he did against Kingsford, he—like Hill—won't wait to be tackled either.

Another parallel drawn from these two games, which promises Escanaba a busy afternoon next Saturday—Menominee gained 215 yards by rushing, 135 by passing against Kingsford for a total of 350, and Norway gained 180 yards by rushing, 156 by passing against Escanaba, a total of 336 yards.

It will take smart football—alert, aggressive play—to beat the Maroons.

Grouse Season Opens Wednesday

Lansing, Sept. 29 (AP)—Archers were sharpening their arrows and Upper Michigan grouse hunters were oiling their guns today in preparation for the opening of their seasons Wednesday. They will be the first hunters in the field this year.

Archers get the first crack at a deer herd estimated by the Conservation department at 1,000,000 animals. They have until Nov. 5 to get their bucks in all counties open to deer hunting.

After Oct. 11 in 17 counties, however, they can take a deer of any sex or age under a special law passed by the 1947 legislature.

Archers may also take bears between Oct. 1 and Nov. 5.

The season on ruffed grouse (partridge) opens Wednesday and runs to Oct. 20 in the Upper Peninsula only. Game experts report these birds are on the increase and hunting should be good.

At the same time in nine Upper Peninsula counties, shooting of prairie chicken and sharp-tail grouse becomes legal. These birds are on the downgrade, it is reported. Only open counties in the Upper Peninsula are Marquette, Alger, Delta, Schoolcraft, Luce, Mackinac, Chippewa and parts of Menominee and Dickinson. This season also runs to Oct. 20.

Wice Pennies Invested In The Want Ad Opportunities Soon Grow Up To Be Dollars

For Sale

Garden

Merton Duncan and S. Larson of Berrien Springs were guests at the home of Mary Pardee over the weekend.

Mr. and Mrs. Paul O'Neil and daughter of Oconto spent the weekend with Mrs. O'Neil's father, William Swann. On their return Sunday evening they were accompanied by Mrs. Walter Kreshefsky who left on the 400 from Oconto Monday to be present with her mother, Mrs. Mary Rusche, when she underwent a major operation in Chicago.

Leo, Arden and Lucille Mercier attended the funeral of their brother, Joseph, in Manistique, Thursday. Also attending were Mr. and Mrs. Edmund Mercier and Mrs. Leonard Clifton of Fayette.

Fayette

Home Economics Meeting

NOTICE TO BIDD

CHECK COUNTY POTATO YIELDS

Booster Contest Now In 8th Year; Plan Spud Show Oct. 23

The harvest of the 1947 crop of Delta county potatoes is now getting under way and agricultural office men this week will check the top yields of growers who are entered in the Delta County Potato Boosters contest, now in its eighth year and ending a second four-year period.

D. L. Clananah of Marquette, extension crop specialist in the Upper Peninsula, will be in the county two days early this week in making the yield check among the top growers. The checking will continue all this week and part of next week by J. L. Heirman, county agricultural agent, Erick Engman, assistant agent, and Mel Nyquist, county 4-H club agent.

The yield check is made for both the Potato Boosters contest and the county Potato Show to be held Oct. 23, and for the U. P. Potato Show to be held Nov. 3-6 at Hancock.

Although potato planting in Delta and other Michigan counties was delayed last spring because of cold, wet weather, the arrival of killing frost was later than usual and the growing season was about average. Crop yields, therefore, are expected to compare well with other years.

Heirman reported that entries for the Potato Boosters contest are still being received from growers. There are, two divisions in the contest, one for certified seed growers and the other for growers of tablestock potatoes. So far there are 25 entries in the certified class and 18 in the tablestock class. Last year about \$600 in prizes were awarded to winners. Awards are made on the basis of a point system, in which the growers must follow certain recommended practices to acquire rating points. The yield obtained is only one of the factors considered. Others include rotation of crops, spraying and other required production practices.

Navy College Tests To Be Held Dec. 13

Open to high school seniors and graduates between 17 and 21 years of age, the Navy's second nationwide competitive examination for its college training program will be held Dec. 13, it was announced here this morning.

Successful candidates will be given a four-year college education at government expense and will be commissioned officers in the Navy or Marine corps after graduation.

Applications are available at the office of Edward Edick, Escanaba high school principal, who is the Navy's local civilian representative. Students selected will be assigned to the 52 Naval Reserve Officers Training Corps units in many universities and colleges in the U. S.

They will be appointed midshipmen, U. S. N. R., and in addition to education expenses, they will be paid \$50 a month for the four-year period.

38 Per Cent of Vets Apply For Training

Thirty-eight per cent of the 1,614,000 World War II veterans in Ohio, Michigan and Kentucky have made application for education and training benefits available under the G. I. Bill, the Veterans Administration office in Escanaba reported today.

VA officials said applications thru Aug. 31 totaled 606,095, including 303,526 of Ohio's 776,000 World War II veterans, 298,276 of Michigan's 567,000 veterans and 59,983 of Kentucky's 271,000 veterans.

VA officials said 214,907 veterans in the three states were taking education and training under the G. I. Bill in Aug. 31, including 112,994 in Ohio, 78,431 in Michigan and 23,482 in Kentucky. A substantial increase is expected this fall.

Armed Bandits Get \$200,000 Haul At Swanky Ohio Club

Painesville, O., Sept. 29 (AP)—A band of 12 masked bandits bearing machine guns early today robbed the exclusive Mounds club near Painesville and 250 club patrons of cash, jewelry and furs worth an estimated \$200,000, Sheriff James Maloney reported.

Sheriff's Deputies Edward Cook and Clarence Arm, who investigated the robbery, said club officials gave the preliminary estimate of cash and jewelry taken from gambling tables and patrons, who initially thought the holdup was "part of the floor show."

The gang "rushed the guard" outside the club, Arm said, and then entered the establishment and lined up all the employees and patrons against walls.

After forcing Manager Mark W. Schaffner to open the gambling "bank," the bandits dumped all their loot into table cloths and made their escape in three stolen cars, the deputy said.

Americans Handled With Kid Gloves By Yugoslav Captors

Trieste, Sept. 29 (AP)—Lt. William Van Atten—returned to the free zone Saturday after five days in Yugoslav custody—says he and the two U. S. soldiers taken with him were "handled with kid gloves" but that their captors "kept repeating that Russia was strong and kept pointing out pictures of Tito, Stalin and Lenin."

"They only questioned us formally once," Van Atten said, "when we first got to headquarters in Goriano."

Van Atten, of East Orange, N. J., was picked up by Yugoslav troops last week while on mounted patrol duty at a disputed section of the new frontier between the free territory and Yugoslavia.

Tale of Persecution In North Korea Told By Catholic Priest

Seoul, Sept. 29 (AP)—A Catholic priest who fled in disguise from Soviet-controlled North Korea said today he had been arrested three times in a campaign to persuade him to join the Russian army and to preach anti-Americanism from his pulpit.

The priest, Father Barnabas Kim, donned fisherman's attire and fled from North Korea three weeks ago when, he said, his friends told him North Korean Communists were considering killing him.

Constantly increasing pressure against religion, he related, had reduced the number of his parishioners from 700 to 300 within the last two years. North Korean newspapers and radio attack religion and churches as "feudal allies of the rich, scheming against the common people."

He said he was once held for two weeks at Russian headquarters, after his arrest by North Korean officers in June, 1946. He was awakened at 1 a. m. daily for questioning by a Russian captain who urged him to support the Soviet aims.

The captain, Kim added, pictured Russia as anxious for Korean independence and as convinced that America had designs on Korean sovereignty.

Rock Slide Wrecks Spokane Train; One Dead, One Burned

Wishram, Wash., Sept. 29 (AP)—An engineer was killed and a fireman severely burned early yesterday when an eastbound Spokane, Portland and Seattle railway passenger train rounded a curve and struck a rock slide caused by a cloudburst east of here.

Officials said two other trainmen were treated for injuries, but none of the passengers was injured when the engine and four baggage cars overturned and a passenger coach was derailed.

Eight coaches and sleepers remained upright on the tracks. Engineer Oscar Lyle, of Vancouver, Wash., was pinned in his locomotive cab, where he died. Fireman Kenneth L. Stolte, of Portland, is in a Goldendale, Wash., hospital suffering from burns. Conductor P. W. Lee, also of Vancouver, Wash., was treated for minor hurts, but Express Clerk George Schoonover, of Portland, was brought to a Portland hospital for treatment of a shoulder injury.

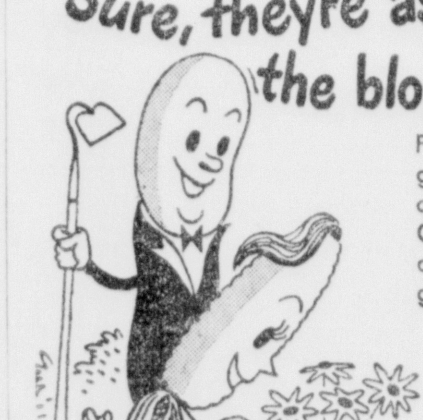

Steelworker Dies For Killing Wife; Five More Doomed

Bellfonte, Pa., Sept. 29 (AP)—Joshua Elwood Beatty, 47-year-old Harrisburg, Pa., steelworker, was electrocuted early today for the murder of his estranged wife, insisting to the last minute that "I have nothing to worry about—I know the governor will give me a reprieve."

No reprieve arrived, however, from the office of Governor James H. Duff as Beatty walked to the electric chair at Rockview penitentiary at 12:31 a. m. (EST). He was pronounced dead three and a half minutes later.

Beatty, the first of six convicted slayers on the state's execution list for the next 30 days, was convicted of first degree murder in the fatal shooting of his 35-year-old waitress wife, Carrie, in a Harrisburg restaurant last Dec. 4.

Kellogg's CORN-SOYA
THE GREATEST NAME IN CEREALS

of the new frontier between the free territory and Yugoslavia. Taken with him were Pfc. Glen C. Meyer, Edgeley, N. D., and Pfc. Earl Hendricks Jr., Arlington, Va.

Van Atten said he could not be certain whether he had crossed the boundary line, but asserted "even if we were over it, it was only five or six feet."

The 24-year-old lieutenant said that Yugoslav troops encircled them and a Yugoslav officer with whom he had spoken before he insisted they accompany him for a short talk with his commander.

Van Atten said, "so I thought it was all right. I learned since we came back that they told outmost five we were coming back right away."

"I don't really know why they kept us so long, except that a Yugoslav officer said it took a long time to get papers from Belgrade and they wanted the Americans to stay until they could talk with the major in command."

Van Atten said he never saw the major.

"After the first interrogation at Goriano they never asked us anything of a military nature," said Van Atten. "They argued politics and seemed to think it was President Truman who created the free territory of Trieste."

"I told them this kind of treatment was crazy, because we weren't fighting and they were our Allies."

He said the Yugoslavs heartily agreed they were Allies but maintained they had orders to pick up anyone crossing the line.

"They gave us the same food they ate," the lieutenant said, "coffee, soup, sauerkraut and lots of bread and explained the food was not better because the army lived off the land and the land was poor."

Van Atten said the Yugoslavs did not take away the Americans' carbines until they reached Goriano, where they were held the first two days.

"Even then," he said, "they let me keep my .45 pistol until some soldiers insisted that it be taken away. They did not search us. I had a whole pocketful of .45 cartridges and kept my maps, binoculars and knife the whole time."

Van Atten said that in the village of Vipaco he saw an Italian Alpine division soldier and an Italian carabinieri under guard.

Van Atten and his two fellow captives were returned to the free territory under armed guard.

(Continued from Page One)

reanage has been handled by the International Sweeping and Routing Section of the British Admiralty, an officer explained.

Although a channel was cleared long ago between Venice and Trieste, this does not eliminate the possibility of an old mine drifting into the course of the ship, he said.

For example, six Japanese mines were spewed up on the beach near Miami last week by the hurricane.

Council Will Study Plans To Broaden U. S. Social Security

Washington, Sept. 29 (AP)—Former Secretary of State Edward R. Stettinius Jr., will head a 17-man council which will study proposals to broaden the social security program.

The council was named yesterday by Chairman Millikin (R-Colo.) of the Senate finance committee, which was voted \$25,000 by the Senate for a complete investigation of social security.

The group of business, welfare and other leaders will make recommendations on "coverage, benefits and taxes." Millikin said. He and Senator George (D-Ga.), former committee chairman, backed the legislation authorizing the study.

The social security program now covers approximately 42-

for a 16-nation "self-help" program. The participating nations have fixed their needs over a four-year period at \$22,440,000,000 most of which they expect this country to supply.

Studies Not Completed

Arends said he did not believe a special session of Congress was necessary. "Congress will not be asked to take action on something of such importance until our committees now abroad making their own studies have a chance to report. We want to see both sides of this picture and all the cards will have to be laid face up on the table."

Others invited to the White House were:

Senator Vandenberg (R-Mich.), president of the Senate and chairman of its foreign relations committee.

Senator Bridges (R-NH) chairman of the appropriations committee.

Senator White (R-Me), Senate majority leader.

Senator Connally (D-Tex), top minority member of the foreign relations committee.

Senator Lucas (D-Ill.), acting Senate minority leader in the absence of Senator Barkley (D-Ky).

Rep. Halleck (D-Ind) House majority leader.

Rep. Eaton (R-NJ), chairman of the House foreign affairs committee.

Rep. Wolcott (R-Mich), chairman of the House banking committee.

Rep. Rayburn (D-Tex), House minority leader.

SAFETY TIPS FOR HUNTERS

State Dept. Of Health Tells How To Live Longer

Cunfire, heavy traffic and getting lost are not the only dangers to your life and health on your hunting trip, the Michigan Department of Health pointed out today and advised certain health precautions for hunters.

Be careful of overexertion. Your hunting trip should be a vacation.

For health's sake and for your own hunting judgement, do no overindulge.

Choose your eating places while hunting, with the same care you would use at home. Use only pasteurized milk, butter, cream and cheese. If pasteurized supply may not be available, carry canned milk. Wash the unpeeled fruits and vegetables you eat, but don't wash them in a stream.

Never drink from a stream or from a well you do not know is safe. The Michigan Department of Health marks safe roadside water supplies. If you do not know a supply is safe add three drops of common laundry bleach per gallon of water and let it stand a half hour before drinking.

Select clothing to suit the climate and type of hunting you will do. Take adequate bedding for the climate in which you will stay. Northern Michigan nights are cold. Take comfortable hunting boots and plenty of socks.

Keep yourself dry. Do not start out hunting with clothing damp from perspiration.

Take a first aid kit with you and treat seemingly slight injuries such as blisters, bruises, scratches, puncture wounds and burns. Know how to stop bleeding by using pressure on the arterial supply above a serious wound. Know how to reach the nearest doctor.

Hunting clothes were not designed for climbing trees. Climb only when necessary and then climb with care.

Avoid poison ivy and poison sumac. They are still potent.

Cook all wild game until it is thoroughly done before tasting it. Handle every wild rabbit, as though it had Tularemia. That means wearing rubber gloves while cleaning rabbits and being careful that the gloves are not punctured by sharp bones. The germs causing Tularemia is so small they can penetrate unbroken skin.

Autumn Cold Snap Moving Eastward; Storm Warning Out

(By The Associated Press)

A chilly harbinger of winter, known to forecasters as a "high pressure area" and to most other persons as a "cold snap," lay north of North Dakota today and was moving slowly eastward.

Freezing temperatures or below were reported in some localities in North Dakota early today, with Jamestown recording a low of 28, Bismarck 29, and Fargo, 32.

Below freezing readings were in prospect for North and South Dakota and parts of Minnesota tonight, and for Wisconsin and Illinois by tomorrow night. Chicago, with a low of 56 today, could expect 38 by Tuesday night.

In addition, the Chicago weather bureau issued a storm warning for Lake Michigan from 6 a. m. to 6 p. m. (EST) today. The warning predicted northwesterly winds up to 33 miles per hour.

Ponderosa pine needles are sometimes 12 inches long.

Hopes For Peace In Detroit Garage Walkout Stalled

Detroit, Sept. 29 (AP)—Efforts to start peace talks in the lengthy CIO garage mechanics strike were stalled today as union officials announced renewed pledges of support in the walkout.

Ray Doce, business agent of striking Local 415 of the CIO United Auto Workers, said the strikers had voted Sunday to stay out until contracts are signed with all involved auto dealers.

At the same time Doce said the entire Detroit membership of the UAW-CIO would be asked to attend a mass demonstration backing the strike.

Spokesmen for the city's labor-management committee, which was asked by Mayor Jeffries to intervene in the dispute, said both sides had not agreed to submit to LMC mediation.

Dealers had indicated they would not accept the committee's intervention until the 1,000 strikers returned to their jobs.

The union struck five weeks ago in demands for a wage increase and a standard contract.

Three Marines Die In Airplane Crash At Chicago Suburb

Chicago, Sept. 29 (AP)—Three Marine privates were killed today when their light plane crashed into a field in suburban North Riverside during a misty rain.

They were identified by Sgt. Elmer Conti of the Cook county sheriff's police as:

Pfc. Edward L. Bond, 19, of 2038 S. Main St., Wichita, Kas.

Pfc. Charlyn B. Hokenstad, 18, of 915 N. Prairie Ave., Sioux Falls, S. D., and

Pfc. Paul Martin Gilfillan, Jr. 19 of Park Road, Mt. Vernon, O.

All were attached to the Marine Barracks Training company at Great Lakes, Ill.

Conti said the three Marines appeared to be flying below a low cloud ceiling in the rain in search of a place to land. He said that Charles Hopkins, 57, of Freeport, Ill., conductor on an Illinois Central freight train, reported seeing the plane in flight at a height of about 150 feet and heard the engine stop and restart three times before it crashed.

Federal Payrolls Slired By 44,842 Workers In August

Washington, Sept. 29 (AP)—Federal agencies reported to the House Civil Service committee today that they reduced their payrolls by 44,841 employees in August.

Chairman Rees (R-Kan.) made the figures public along with a statement asserting the reduction was not nearly big enough.

"Notwithstanding the claims that drastic reductions are being effected by the departments and agencies," Rees declared, "total civilian employment for the month of August in the executive branch is still above two million (2,044,138)."

This, he said, is "only a two per cent decrease" compared with July.

"Reports submitted to the committee this month again show the reluctance of the departments and agencies to reduce the number of temporary wartime appointees," Rees said.

He noted that war service and temporary employees on the payroll Aug. 31 numbered 849,984, or 41 per cent of the total federal civilian employment.

He said it appears that the committee's effort to "induce the agencies to replace wartime employees by the thousands of displaced career civil service employees is meeting with small success."

Reports to the committee showed that the postoffice department reduced its personnel 16,840 during August, largely through replacement of part-time employees and substitute clerks with full-time employees.

Among other departments reporting reductions were the war department, 4,777; agriculture department, 4,033; Navy department, 3,948; war assets administration, 2,873; interior department, 1,865; and maritime commission, 1,514.

FARMER GRAPPLES BULL

Yale (AP)—Randall Jacobs, Rockway Township farmer, suffered bruises and lacerations fighting off an angry bull Saturday
